Capitalize on the radical new realities of artificial intelligence, changing demographics, and the explosion of the freelance economy In just a few short years, employee mobility will be an imperative for every business, as millions of jobs disappear practically overnight—victims of artificial intelligence and automation – and new jobs are created. The competition for talent will be fierce, and you ' re going to have to make major changes in the ways you hire, manage, and retain top performers. Flat, Fluid, and Fast delivers the tactics and strategies you need to create a disruption-proof company during the talent mobility revolution. It walks you through the entire process, providing expert advice on new ways to: • Draw top talent to your company • Implement new training programs • Create employee mobility plans • Design innovative career paths for staff • Leverage contractors and other freelance workers • Operate an adaptable organization for long-term success • Understand policies to support this new world of work across America Flat, Fluid, and Fast takes you beyond merely surviving the coming change. It equips you to seize the opportunities this change affords, to beat out the competition, and to become the dominant player in your industry. And, it equips everyone in America to understand the government policies that are needed to unleash growth, create new jobs and support all workers amid this radical new world of work. The talent mobility revolution is around the corner. Use this peerless resource to plan and build now—so when the workplace of tomorrow becomes the workplace of today, your company and career is already flat, fluid, and fast.

User experience design teams often suffer from a decentralized, blank canvas approach to creating and documenting a design solution for each new project. As teams repeatedly reinvent screen designs, inconsistency results, and IT teams scramble to pick up the pieces. Pattern libraries only go so far, suggesting general solutions to common problems instead of offering concrete, specific design treatments. At times, documented solutions turn into a costly mess of unclear expectations, unrealistic goals, and abandoned work. Enter components, each of which represents a chunk of a Web page. Designers can produce wireframes, mockups, or markup far more efficiently reusing components based on an established design system. Rather than limit innovation, components enable designers to render solved design frameworks quickly and to focus on the problem at hand, drastically improving the quality and rate of production. In addition, teams develop a deeper baseline for collaboration, a platform for governance, and a structure for useful and predictable documentation. This book defines the role of components and why they matter, maps out how to organize and build a component library, discusses how to use components in practice, and teaches a process for documenting and maintaining components.

The Valuation Handbook – U.S. Guide to Cost of Capital, 2011 Essentials Edition includes two sets of valuation data: Data previously published in the 2011 Duff & Phelps Risk Premium Report Data previously published in the Morningstar/Ibbotson 2011 Stocks, Bonds, Bills, and Inflation (SBBi) Valuation Yearbook The Valuation Handbook – 2011 U.S. Essentials Edition includes data through December 31, 2010, and is intended to be used for 2011 valuation dates. The Valuation Handbook – U.S. Guide to Cost of Capital, Essentials Editions are designed to function as historical archives of the two sets of valuation data previously published annually in: The Morningstar/Ibbotson Stocks, Bonds, Bills, and Inflation (SBBi) Valuation Yearbook from 1999 through 2013 The Duff & Phelps Risk Premium Report from 1999 through 2013 The Duff & Phelps Valuation Handbook – U.S. Guide to Cost of Capital from 2014 The Valuation Handbook – U.S. Essentials Editions are ideal for valuation analysts needing "historical" valuation data for use in: The preparation of carve-out historical financial statements, in cases where historical goodwill impairment testing is necessary Valuing legal entities as of vintage date for tax litigation related to a prior corporate restructuring Tax litigation related to historical transfer pricing policies, etc. The Valuation Handbook – U.S. Essentials Editions are also designed to serve the needs of: Corporate finance officers for pricing or evaluating mergers and acquisitions, raising private or public equity, property taxation, and stakeholder disputes Corporate officers for the evaluation of investments for capital budgeting decisions Investment bankers for pricing public offerings, mergers and acquisitions, and private equity financing CPAs who deal with either valuation for financial reporting or client valuations issues Judges and attorneys who deal with valuation issues in mergers and acquisitions, shareholder and partner disputes, damage cases, solvency cases, bankruptcy reorganizations, property taxes, rate setting, transfer pricing, and financial reporting For more information about Duff & Phelps valuation data resources published by Wiley, please visit www.wiley.com/go/valuationhandbooks.

Pub. 15 / Circular E explains your tax responsibilities as an employer. It explains the requirements for withholding, depositing, reporting, paying, and correcting employment taxes. It explains the forms you must give to your employees, those your employees must give to you, and those you must send to the IRS and the SSA. This guide also has tax tables you need to figure the taxes to withhold from each employee for 2017. References to "income tax" in this guide apply only to "federal" income tax. Contact your state or local tax department to determine if their rules are different. When you pay your employees, you don't pay them all the money they earned. As their employer, you have the added responsibility of withholding taxes from their paychecks. The federal income tax and employees' share of social security and Medicare taxes that you withhold from your employees' paychecks are part of their wages that you pay to the United States Treasury instead of to your employees. Your employees trust that you pay the with-held taxes to the United States Treasury by making federal tax deposits. This is the reason that these withheld taxes are called trust fund taxes. If federal income, social security, or Medicare taxes that must be withheld aren't withheld or aren't deposited or paid to the United States Treasury, the trust fund recovery penalty may apply. See section 11 for more information. Pub. 15-A includes specialized information supplementing the basic employment tax information pro-vided in this publication. Pub. 15-B, Employer's Tax Guide to Fringe Benefits, contains information about the employment tax treatment and valuation of various types of non-cash compensation. Pub. 535 discusses common business expenses and explains what is and is not deductible. The general rules for deducting business expenses are discussed in the opening chapter. The chapters that follow cover specific expenses and list other publications and forms you may need.

Reduce Hiring Risks and Predict Success New Mindset. In The Best Team Wins,author Adam Robinson gives you a proven, straightforward, and effective method for hiring new employees. He teaches you how to rethink the process of finding, assessing, and hiring the right people. New Methods. The pitfalls involved with E-Discovery represent one of the greatest risks that organizations face in litigation today. This ITG Pocket Guide describes the FRCP and the recent changes made to it, explores the implications of these changes for the enterprise (with a focus on IT), and lays out a framework for identifying, assessing and then addressing the risks associated with the facilitation of E-Discovery requests under the new rules.

What does it mean to be an engaged American in today ' s divided political landscape, and how do we restore hope in our country? In a collection of " civic sermons " delivered at gatherings around the nation, popular advocate for active citizenship Eric Liu takes on these thorny questions and provides inspiration and solace in a time of anger, fear, and dismay over the state of the Union. Here are 19 stirring explorations of current and timeless topics about democracy, liberty, equal justice, and powerful citizenship. This book will energize you to get involved, in ways both large and small, to help rebuild a country that you ' re proud to call home. Become America will challenge you to rehumanize our politics and rekindle a spirit of love in civic life.
