New miniature version! The ability to wield typography is one of those things that is a clear indication of a talented designer. Being able to craft type well and thoughtfully takes a deep understanding of the inherent complexities and a keen eye for the minute and subtle details. This book contains a collection of 1,000 instances of thoughtful type usage along with credits that note what fonts were used in the design. Like its predecessor, 1,000 Graphic Elements, the photography in this book focuses in on the typography so readers can get an up-close look at the work. 1,000 Type Treatments showcases an array of fonts in a catalog-like format, making it easy for the working designer to practically
