The author traces the growth of his family's antique business, offers a profile of his father, the business's founder, and describes the people and museums who collect antique furniture

The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

"A full-throttle, first-person account of the treasure hunt set in motion by Forest Fenn—an eccentric art dealer and, some would say, robber baron—in 2010 that lasted a full decade and became the stuff of contemporary legend. When Forest Fenn was told he was going to die, he hid a chest full of jewels and gold in the wilderness and published a poem that contained a series of clues about the treasure's secret location. But he didn't die, and he wouldn't reveal the location. The wild hunt went on for another ten years. Daniel Barbarisi first learned of Fenn's hunt in 2017 when a friend began decoding the poem and convinced Barbarisi to catalogue his search. What began as a great story documenting the history of Fenn's treasure hunt—the rumors, characters, and pitfalls—quickly turned into a personal quest, as Barbarisi found himself on a sometimes reckless and possibly dead-end path, despite having a family at home. Over the course of the next three years, several searchers would die, endless controversies would erupt, and one anonymous unknown would find the ultimate prize. Rich with mystery, danger, and break-neck action, Barbarisi's account of the imagination and drive of desire, of obsession, and of a particularly unbridled adventure is pure gold on the page!"--

One dealer's journey from the populist mayhem of flea markets to the rarefied realm of auctions reveals the rich, often outrageous subculture of antiques and collectibles. Millions of Americans are drawn to antiques and flea-market culture, whether as participants or as viewers of the perennially popular Antiques Roadshow or the recent hit American Pickers. This world has the air of a lottery: a \$20 purchase might net you four, five, or six figures. Master dealer Curt Avery, the unlikely star of Killer Stuff and Tons of Money, plays that lottery every day, and he wins it more than most. Occasionally he gets lucky, but more often, he draws on a deep knowledge of America's past and the odd, fascinating, and beautiful objects that have survived it. Week in, week out, Avery trawls the flea and antiques circuit—buying, selling, and advising other dealers in his many areas of expertise, from furniture to glass to stoneware, and more. On the surface, he's an improbable candidate for an antiques dealer. He wrestled in high school and still retains the pugilistic build; he is gruff, funny, and profane; he favors shorts and sneakers, even in November; and he is remarkably generous toward both competitors and customers who want a break. But as he struggles for a spot in a high-end Boston show, he must step up his game and, perhaps more challenging, fit in with a white-shoe crowd. Through his ascent, we see the flea-osphere for what it truly is—less a lottery than a contact sport with few rules and many pitfalls. This rich and sometimes hilarious subculture rewards peculiar interests and outright obsessions—one dealer specializes in shrunken heads; another wants all the postal memorabilia he can get. So Avery must be a guerrilla historian and use his hard-earned knowledge of America's past to live by and off his wits. Only the smartest survive in one of America's most ruthless meritocracies. Killer Stuff and Tons of Money is many things: an insider's look at a subculture replete with arcane traditions and high drama, an inspiring account of a self-made man making his way in a cutthroat field, a treasure trove of tips for those who seek out old things themselves, and a thoroughly fresh, vibrant view of history as blood sport.
