An International, Interdisciplinary Journal  
Interdisciplinary journals are journals that publish articles from across multiple disciplines. They are also journals that are often outside of one's own discipline. They may or may not be "located" within one discipline, but cater to a wide array of disciplines or fields.

AlterNative: An Interdisciplinary Journal

International ...

The Journal of Interdisciplinary Economics is a forum in which those who wish to expand the boundaries of economic science are invited to contribute research that seeks out the hidden assumptions that determine the economist's current world view, relax them and so evolve a new discipline more appropriate to the contemporary global environment, thereby enabling economists to tackle problems that have been created within that environment.
