Get more practice with medical assisting competencies and test your critical thinking skills! Designed to reinforce your understanding of Kinn's The Administrative Medical Assistant: An Applied Learning Approach, 8th Edition by Alexandra P. Adams, this study guide offers a complete review of content and a wide range of exercises to help you master CAAHEP and ABHES competencies and prepare for your career in medical assisting. A variety of exercises test your knowledge and critical thinking skills, including vocabulary review, multiple choice, fill in the blank, and true/false questions. The most current content and competencies associated with CAAHEP and ABHES are included, such as emergency preparedness, patient education, and documentation. Procedure checklists allow you to tear out each sheet and submit to your instructor for evaluation. Additional exercises enhance learning with skills and concepts, word puzzles, case studies, workplace applications, and Internet activities. Work documentation proves to your instructor and to accrediting organizations that you have completed each

competency. UPDATED coverage of the Electronic Health Record ensures that you are familiar with the technology you'll use on the job. UPDATED content reflects revisions to the Kinn's The Administrative Medical Assistant, 8th Edition textbook. Expanded coverage of emergency preparedness helps you meet specific CAAHEP and ABHES requirements.

Launch your Medical Assisting career with Kinn's Medical Assisting Fundamentals: Administrative and Clinical Competencies with Anatomy & Physiology! This practical, hands-on text features an easy-to-understand writing style and detailed visuals designed to help you master all the Medical Assisting knowledge, procedures, and skills needed for career success. Based on trusted content from the bestselling Kinn's product suite, this brand-new text and its accompanying resources incorporate the latest standards and competencies throughout, as well as approachable coverage of math, medical terminology, soft skills, and anatomy and physiology. Easy-to-grasp writing style is appropriate for all levels of learners in all types of Medical Assisting programs. Trusted Kinn's content supports the following exam plans: CMA from the American Association of Medical Assistants; RMA and CMAS from American Medical Technologist; CCMA and CMAA from the National Healthcareer Association; NCMA from the National Center for Competency Testing; and CMAC from the American Medical Certification Association. Emphasis on anatomy and physiology — along with pathology, signs/symptoms, diagnostic procedures, and treatments — enables you to meet key competencies. Strong focus on medical terminology includes feature boxes that highlight chapter-related medical terminology to help you learn word parts, pronunciation, and definitions. Math exercises embedded throughout the text challenge you to sharpen your math skills. Procedures are mapped to CAAHEP and ABHES accreditation standards down to the step, offer rationales for each step, and can be conveniently performed in the classroom. Customer Service boxes in appropriate chapters help you develop the soft skills that employers seek when hiring Medical Assistants. Applied learning approach introduces a case scenario at the beginning of each chapter and then revisits it throughout the chapter to help you understand new concepts as they are presented. Chapter learning tools include vocabulary with definitions, critical thinking applications, and content that ties directly to the order of learning objectives. Pharmacology glossary of the top 100-150 most common over-the-counter and prescription medications gives you quick access to pronunciation guides, generic and trade names, and drug classification.
