What are specific AppFolio Rules to follow? What would happen if AppFolio weren't done? How likely is the current AppFolio plan to come in on schedule or on budget? How will you know that the AppFolio project has been successful? If substitutes have been appointed, have they been briefed on the AppFolio goals and received regular communications as to the progress to date? Defining, designing, creating, and implementing a process to solve a challenge or meet an objective is the most valuable role... In EVERY group, company, organization and department. Unless you are talking a one-time, single-use project, there should be a process. Whether that process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, "What are we really trying to accomplish here? And is there a different way to look at it?" This Self-Assessment empowers people to do just that - whether their title is entrepreneur, manager, consultant, (Vice-)President, CxO etc... - they are the people who rule the future. They are the person who asks the right questions to make AppFolio investments work better. This AppFolio All-Inclusive Self-Assessment enables You to be that person. All the tools you need to an in-depth AppFolio Self-Assessment. Featuring 702 new and updated case-based questions, organized into seven core areas of process design, this Self-Assessment will help you identify areas in which AppFolio improvements can be made. In using the questions you will be better able to: - diagnose AppFolio projects, initiatives, organizations, businesses and processes using accepted diagnostic standards and practices - implement evidence-based best practice strategies aligned with overall goals - integrate recent advances in AppFolio and process design strategies into practice according to best practice guidelines Using a Self-Assessment tool known as the AppFolio Scorecard, you will develop a clear picture of which AppFolio areas need attention. Your purchase includes access details to the AppFolio self-assessment dashboard download which gives you your dynamically prioritized projects-ready tool and shows your organization exactly what to do next. Your exclusive instant access details can be found in your book.

You'll need to wear many hats in the business of property management: advertiser/promoter (in seeking tenants), host (in showing your property), handyman (in keeping up with and arranging repairs), bookkeeper (in maintaining records), and even counselor (in dealing with tenants and their problems). But Property Management For Dummies will help you maintain your sense of humor - and your sanity - as you deal with these challenges and more. You may become an unintentional property owner - someone who inherited a house from a relative and didn't want it to sit idle, or someone who transferred to a job in another city and decided to rent your home rather than sell it - or you may have entered the world of property ownership intentionally. Either way, real estate offers one of the best opportunities to develop a steady stream of residual income. Property Management For Dummies is organized by specific topic areas, so you can easily and quickly scan a topic that interests you, or you can troubleshoot the source of your latest major headache. You'll discover how to Evaluate your skills and personality to see whether you have what it takes to be a landlord Keep your units occupied with paying tenants who don't destroy your property Move in your new tenants and move them out - and everything in between Assemble the right team of professionals to help you, from employees to contractors Insure your property and understand the taxes that go with it Look for additional sources of income beyond rent, including the opportunities and pitfalls of lease options While many of life's adventures can be uncovered by trial and error, property management shouldn't be one of them - the mistakes are too costly and the legal ramifications too severe. In this book, you'll find proven strategies to make rental property ownership and management not only profitable but pleasant as well.

How real estate professionals can build trust and dominate their competition by creating truly useful marketing. Youtility, as defined by bestselling author Jay Baer, is marketing that people cherish instead of marketing they simply tolerate. Due to enormous shifts in technology and consumer behavior, customers want a new approach that cuts through the clutter: marketing that is truly, inherently useful. Smart real estate professionals are applying the concepts of Youtility, giving away information and resources for free, to differentiate and dominate by providing real value to clients and prospective clients. The difference between helping and selling is just two letters, but embracing the former makes the latter much, much easier. Meticulously researched and filled with examples of residential and multifamily real estate professionals who have accelerated their businesses enormously by embracing the principles of Youtility marketing, this special e-book provides a groundbreaking plan for using information and helpfulness to transform the relationship between real estate pros and their customers. Based on the New York Times bestseller Youtility, this pithy e-book is a must for marketers in the real estate industry.

For nearly four decades, J. D. Power and Associates has been measuring consumer satisfaction and helping businesses improve profits by paying attention to what customers really want. Their annual awards are widely publicized and valued worldwide for what they say about a company's commitment to its customers. Now, at last, the company has created the definitive book on how to boost profits by increasing customer satisfaction. Although most businesses pay lip service to putting customers first, few actually listen to the voice of the customer and use it as a tangible asset. In this book, J. D. Power and Associates provides an insider's perspective on some of the most successful companies on the planet. Corporate giants such as Toyota and Staples and local legends like Mike Diamond Plumbing all use customer satisfaction as their key to market dominance. Satisfaction opens the vault on years of J. D. Power data, quantifying the elusive links between satisfaction and customer loyalty, market share, and profits. The book provides extensive coverage of the varying touchpoints of consumer satisfaction—covering every type of business from service providers to product manufacturers—and shows companies in detail how to make a commitment to consumers at the highest levels and translate this commitment into strategies and practices. For any business that wants to reap the rewards that come when they truly put the customer first, this is the ultimate guide.
