The digital age has transformed the very nature of marketing. Armed with smartphones, tablets, PCs and smart TVs, consumers are increasingly hanging out on the internet. Cyberspace has changed the way they communicate, and the way they shop and buy. This fluid, de-centralized and multidirectional medium is changing the way brands engage with consumers. At the same time, technology and innovation, coupled with the explosion of business data, has fundamentally altered the manner we collect, process, analyse and disseminate market intelligence. The increased volume, variety and velocity of information enables marketers to respond with much greater speed, to changes in the marketplace. Market intelligence is timelier, less expensive, and more accurate and actionable. Anchored in this age of transformations, Marketing Analytics is a practitioner's guide to marketing management in the 21st century. The text devotes considerable attention to the way market analytic techniques and market research processes are being refined and re-engineered. Written by a marketing veteran, it is intended to guide marketers as they craft market

One of the hardest challenges in anyone ' s career is transitioning from being a employee responsible solely for one ' s own work to a manager responsible for others ' performance. New managers face the stress of giving up control while needing to drive results through others. Many of the more than 80 million members of the Millennial generation are facing the challenge of managing others without a guide to success specifically tailored to them. The Young Professional ' s Guide to Managing fills this void with a mix of relevant tips and stories, and a connection to rich online resources. It is an essential guide for all new managers and emerging leaders, providing important insights, including: How to successfully transition to being a manager, from the very first day The 10 skills all young professionals must develop to thrive as STAR managers Managing people of different generations How to hire, develop, and lead teams to incredible results Advanced strategies for young managers, including how to fire underperforming employees and how to squash office politics.

This book is the most comprehensive and up-to-date source of information about ways in which consumer activism has reshaped the economic and political well-being of citizens in the United States and around the world. This all-encompassing collection of information about consumer activism and the consumer movement will provide students, public officials, business groups, and other activists with a one-stop source of facts and

insights. The contributors explore hundreds of major consumer protections that have significantly enhanced the quality of life and safety for all Americans, showing how these protections were won through the skillful and determined work of leading activists and activist organizations. Many of the stories told here are related by the activists themselves, often for the first time. More than 140 entries offer a comprehensive treatment of the consumer activism of specific organizations, their leaders, and strategies. The book also includes more than 40 entries about consumer movements in Europe, Asia, Africa, and Latin America. A timeline of key events and a listing of the most important books on the subject of consumer activism help provide context for the individual entries as do two introductory essays. Cross references in each entry establish linkages among topics.

- Provides the single most comprehensive source available of information about consumer activism and advocacy
- Shows how activism has influenced laws and regulations affecting more than 40 consumer issues
- Shares personal accounts from activists about their work on these issues
- Details information on U.S. national consumer organizations and many state and local consumer groups, including their goals, strategies, leaders, finances, and impact
- Offers insights into the ways consumer activist groups have interacted with other nonprofits, policymakers, regulators, and business groups
