bets are off ... because the curvy girl would be the perfect mom for his brood! Hey Readers – Hold your horses because we're off the reservation with this one :) Our heroine wants to get pregnant so bad that she's willing to do anything, and we mean ANYTHING, to make her dream come true :) You'll love it, we promise! xoxo Cassie and Katie

The doctor is in. Every inch of him... I'm the youngest, brightest, and most hotshot medical director the fertility clinic's ever seen. Nothing gets between me and my job, until Ada Chase walks in. I'm not supposed to touch her, at least, not in the way I want to. She's off limits in so many ways. Too rich. Too innocent. Too never-been-touched. ...Too much my patient. The sheltered young heiress is in my office so her rich, sh\*tty family can see if she's capable of bearing children. And I'm supposed to examine her - every inch of her sweet, tempting body - to check. But I've wanted her since the instant I laid eyes on her, and now I'm obsessed, possessed, and driven like I've never been before. First, I'm going to make her beg. Second, I'll make her mine. And third? Well, third is the best part. Third is me putting a baby in that soft young belly. And after that, I'll steal her away from all of this. F\*\*k the medical code of conduct, forget professionalism, and d\*mn the consequences. Oh, Ada can bear children alright. ...so long as they're mine. I know what you're thinking - this sounds like dirty, filthy doctor-fantasy smut. And if you're thinking that, the good news is, you're entirely correct ;). This book is hot and heavy insta-love and lust at it's finest, with a dominant alpha hero completely obsessed with claiming and making babies with his untouched heroine. Safe, no cheating, and a HEA guaranteed. The doctor will see you take you now...

generations, the women of wine country have had a saying: don't bang a Hunter man unless you want a bun in your oven. Yeah, well. I've got a saying too: no thanks. The last thing I need is baby makes three. My business is expanding and the only thing I'm interested in getting knocked up is my bottom line. But then one night Emma Haverford makes me an offer I can't refuse—she backs away from the land I have my eye on in exchange for a favor... A big, fat, baby making favor... \*\*\*\*\* When I hear women have gotten pregnant shaking hands with Hunter men, I know I need Dylan Hunter's...ahem, special skills...way more than I need to expand my vineyard. I'm ready to give my heart to a child and I'm tired of waiting for my late-to-the-party Prince Charming to make my dreams come true. So I promise Dylan—three months of hot, heavy, baby-making s-e-x and then I'm out of his hair forever. But what if when it comes time to say good-bye, all I want to do is keep bottling up more memories with this big-hearted man? This sexy Standalone romance will make you laugh, swoon, and blush baby-makin' red. Heat level: A risk of getting knocked up during download. Paperback and audio versions are especially dangerous. Baby Maker is part of Cocky Hero Club, based on British Bedmate by Vi Keeland and Penelope Ward. Calliope: I believe in love. Or I did until my husband died. Now, I believe in surviving this world without him. I have a plan mapped out for the rest of my life, and it doesn't involve a man. I've been down that road, and I'm not willing to risk my heart again. Not even for the devastatingly handsome and charming Dr. Keegan Russo, who also happens to be one hell of a kisser. My head has plans, but what happens when my heart can't say no? Keegan: Hot as hell sex with no strings attached. That's my credo. It works, too, until she walks into my office. Calliope. A young widow with totally different priorities than me. There's no future for us, but I can't stay away, either. For the first time, I want something complicated and messy, and I want it with her. But that means breaking the promise I made her on the day we met.

No "O"? Come and meet your cure. He's gorgeous, dominant, panty-meltingly hot, and looks at me like he wants to tear my clothes off and fulfill every single filthy fantasy I've ever had. The only problem? He's my doctor. Oops. I'm seeing him to fix "my problem" - my big "no O" problem. Yeah, you see, I've never had one - no grand finale, no big b\*ng, no happy ending. Never. Doctor Aiden Owenson - "Doctor O" - is supposedly the man who can help, but I've got my reservations. That is, until he puts his hands on me. Until he looks at me like he wants to devour me. Until he tells me I'm his, and his alone. I'm pretty sure you're not supposed to fall for your doctor. I'm pretty sure your doctor isn't supposed to examine you in his bed, across his desk, and while you're screaming his name. I'm pretty sure we're breaking every rule, and I'm pretty sure I don't care. Doctor O is supposed to show me the O. Now the only

problem is, I never want him to stop. Warning: side effects may include fever, elevated heart rate, sweating, and chronic page-turning far past your bed time. Steaming hot insta-love, an over-the-top dominant alpha hero, and fantasy run completely amok. But something tells me, you know exactly what this dirty little book is about ;). Safe, no cheating, and a HEA guaranteed.

He's my doctor ... and baby daddy to my QUINTUPLETS! Janie lives in a boring life schlepping to and from work. But one day, a chance encounter with her gorgeous neighbor brings unexpected results. Travis is an emergency physician slaving away at his job at the hospital. He's never thought about being a parent until the curvy girl reveals that she's expecting his children! P.S. It's not one baby. It's not two babies. Keep counting ... almost there ... that's right, there are FIVE gifts from the stork! Hey Readers – Hold your horses because we're off the reservation with this one. The hormones are sky high when baby fever strikes HARD. You'll love the story, we promise! xoxo Cassie and Katie

“Smart and funny, The Baby Plan is irresistible! A winner.” -Susan Mallery, #1 New York Times bestselling author In The Lizzie Bennet Diaries creator Kate Rorick’s first adult fiction novel, we enter the wild, bewildering world of modern pregnancies. You’ll laugh, you’ll cry, you’ll shake your head as you wonder where everyone’s sanity went... Meet the mothers... Nathalie Kneller: Nathalie’s plan: to announce her pregnancy now that she’s finally made it past twelve weeks! But just as she’s about to deliver (so to speak) the big news to her family, her scene-stealing sister barfs all over the Thanksgiving centerpiece. Yup, Lyndi’s pregnant too, swiping the spotlight once more... Lyndi Kneller: Lyndi’s plan: finally get her life together! She’s got a new apartment, new promotion, new boyfriend. What she didn’t count on—a new baby! She can barely afford her rent, much less a state-of-the-art stroller... Sophia Nunez: Sophia’s plan: Once she gets her daughter Maisey off to college, she’ll finally be able to enjoy life as make-up artist to one of Hollywood’s biggest stars, and girlfriend to one of rock’s hottest musicians. But after 18 years she discovers the stork is once again on its way... Now these women are about to jump headlong into the world of modern day pregnancy. It’s a world of over the top gender reveal parties (with tacky cakes and fireworks); where every morsel you eat is scrutinized and discussed; where baby names are crowd-sourced and sonograms are Facebook-shared. And where nothing goes as planned...

The baby makers are many. The couples who supply the genetic material, the embryologists who create test-tube babies, the gynaecologists who insert embryos into wombs and deliver the babies and, most

importantly, the surrogates themselves. Then there are the agents who source the surrogates, organize fertility tourism packages and even arrange for babies to be ordered over the Internet using frozen genetic material supplied by the intending parents. Eggs, sperm and viable embryos can be bought and sold like any commodity. The terrain is complex, there are thorny ethical issues involved and very delicate emotional ones too. This is a book about surrogacy in India and how it transformed itself from a marginalized and socially unacceptable procedure into a multimillion-dollar industry. It is a non-judgemental, open-minded enquiry into surrogacy laws (rather, the lack of them) and the many cogs in the process. *Baby Makers* uses rigorous journalistic research and compelling personal narratives to paint a picture that is as fascinating as it is frightening.
