Dark Secrets Of The Vatican Revealed Cabal Noun In A Child's History of England, Charles Dickens associates the word cabal with a group of five ministers in the government of England's King Charles II. The initial letters of the names or titles of those men (Clifford, Arlington, Buckingham, Ashley, and Lauderdale) spell cabal, and Dickens dubbed them the "Cabal Ministry."

Cabal | Definition of Cabal by Merriam-Webster

Sometimes called the Illuminati, the New World Order or even the Global Elite, " cabal " refers to secret factions working inside our governments with an agenda for world domination. To become aware of their entrainment, we must empower ourselves with an awareness free from their crafted agendas.

What is the Cabal? The World Ruling Secret Societies | Gaia

A cabal is a group of people who are united in some close design, usually to promote their private views or interests in an ideology, a state, or another community, often by intrigue and usually unbeknownst to those who are outside their group. The use of this term usually carries negative connotations of political purpose, conspiracy and secrecy.

Cabal is the story of Boone, a tortured soul haunted by the conviction that he has committed atrocious crimes. In a necropolis in the wilds of Canada, he seeks refuge and finds the last great creatures of the world - the shape-shifters known as the Nightbreed. They are possessed of unearthly powers-and so is Boone. In the hunt for Boone, they too will be hunted. Now only the courage of this strange human can save them from extinction. And only the undying passion of a woman can save Boone from his own corrupting hell... This novella is the basis for the Major Motion Picture - Nightbreed.

Believing himself responsible for horrific crimes, Boone secludes himself in a remote Canadian necropolis, pursued by hunters and a woman who loves him, in a short novel accompanied by four short stories. Reissue.

A fabulous journey through the mind of the master of dark imaginative fiction, Clive Barker.

In Cabal, master crime writer Michael Dibdin plunges us into a murky world of church spies, secret societies, cover-ups, and mistaken identities. An apparent suicide in the Vatican may in fact have been a muder conducted by a centuries-old cabal within The Knights of Columbus. A discovery among the medieval manuscripts of the Vatican Library leads to a second death, Zen travels to Milan, where he faces a final, dramatic showdown. Meanwhile, Zen's lover, the tantalizing Tania, is conducting her own covert operations--which could well jeopardize everything Zen has worked for. Richly textured, wickedly entertaining, Cabal taps the mysterious beauty of Italy in a thriller that challenges our beliefs about love, allegiance, history, and power--and the lengths to which we will go to protect them against the truth.

Johannes Cabal, a brilliant scientist and notorious snob, is single-mindedly obsessed in heart and soul with raising the dead. Well, perhaps not soul--he hastily sold his years ago in order to learn the laws of necromancy. But now, tormented by a dark secret, he travels to the fiery pits of Hell to retrieve it. Sataon, who is incredibly bored these days, proposes a little wager, Johannes has one years to persuade one hundred people to sign over their souls or he will be damned forever.--From publisher's description.

Stealing the identity of a minor bureaucrat after reclaiming his soul from the Devil, Johannes Cabal escapes aboard a passenger aership and encounters an old enemy whom he is forced to collaborate with in order to solve a murder.

In the spring of 1778, General George Washington wrote to his friend Landon Carter about a rumored "disposition in the Northern Officers to see me superceded in my Command." This was as candid a statement as the general ever made about the so-called "Conway Cabal" of patriot officers and politicians critical of his leadership. Most early historians of the Revolution took the threat to Washington seriously, but by the mid-twentieth century interpretations had reversed, with the plot--if one existed--posing no real danger to the commander-in-chief. Yet, as historian Mark Edward Lender reveals in his compelling Cabal! The Plot Against General Washington, clues found in original new research provide a more comprehensive understanding of the personalities and political maneuverings of those involved in the Cabal, and the real nature of the challenge to Washington. Rather than the "classic Cabal" of Generals Horatio Gates, Thomas Mifflin, and Thomas Conway in a plot to remove Washington quickly, the threat to Washington's command was a gradual administrative attempt by the Board of War and political allies to take over the war effort. Reorganized in late 1777 under the leadership of Mifflin, with Gates assuming the board presidency in January 1778, the Board of War sought authority to determine military policy and strategic goals, all training, organizational, personnel, and logistical functions, and even the assignment of theater commanders. Had they succeeded, Washington's title of commander-in-chief would have been utterly hollow. The Cabal tested Washington as few other things did during the war and perhaps tempered him into the man we remember today. Washington adroitly navigated the challenges to his leadership, meeting and defeating every attempt to curtail his authority. His response revealed a leadership style that saw him safely through the war, and gave him overwhelming support from his countrymen to become their first president.

When he is resurrected once again by an occult conspiracy that wants him as a general in a monstrous army, Horst Cabal, the most affable vampire in the world, must stop them from creating a country of horrors with the help of his brother, a sarcastic, amoral, heavily armed necromancer.

Johannes Cabal, a necromancer of some little infamy, has come into possession of a vital clue that may lead him to his ultimate goal: a cure for death. The path is vague, however, and certainly treacherous as it takes him into strange territories that, quite literally, no one has ever seen before. The task is too dangerous to venture upon alone, so he must seek assistance, comrades for the coming travails. So assisted—ably and otherwise—by his vampiric brother, Horst, and by the kindly accompaniment of a criminologist and a devil, he will encounter ruins and diableries, mystery and murder, the depths of the lowest pit and a city of horrors. London, to be exact. Yet even though Cabal has risked such peril believing he understands the dangers he faces, he is still underestimating them. He is walking into a trap of such arcane complexity that even the one who drew him there has no idea of its true terrors. As the snare closes slowly and subtly around them, it may be that there will be no survivors at all. The Fall of the House of Cabal is the fifth book in Jonathan L. Howard's acclaimed Johannes Cabal series.

"A grief--stricken, heart--hopeful, soul song to the American Desert." —PAM HOUSTON, author of Deep Creek As Ed Abbey ' s Desert Solitaire: A Season in the Wilderness turns fifty, its iconic author, who has inspired generations of rebel--rousing advocacy on behalf of the American West, is due for a tribute as well as a talking to. In Desert Cabal: A New Season in the Wilderness, Amy Irvine admires the man who influenced her life and work while challenging all that is dated—offensive, even—between the covers of Abbey's environmental classic. Irvine names and questions the "lone male" narrative—white and privileged as it is—that still has its boots planted firmly at the center of today's wilderness movement, even as she celebrates the lens through which Abbey taught so many to love the wild remains of the nation. From Abbey ' s quiet notion of solitude to Irvine ' s roaring cabal, the desert just got hotter, and its defenders more nuanced and numerous. AMY IRVINE is a sixth-generation Utahn and longtime public lands activist. Her work has been published in Orion, Pacific Standard, High Desert Journal, Climbing, Triquarterly, and other publications. Her memoir, Trespass: Living at the Edge of the Promised Land, received the Orion Book Award, the Ellen Meloy Desert Writers Award, and Colorado Book Award. Her essay "Spectral Light," which appeared in Orion and The Best American Science and Nature Writing, was a finalist for the Pen Award in Journalism, and her recent essay, " Conflagrations: Motherhood, Madness and a Planet on Fire " appeared among the 2017 Best American Essays' list of Notables. Irvine teaches in the Mountainview Low-Residency MFA Program of Southern New Hampshire University—in the White Mountains of New England. She lives and writes off the grid in southwest Colorado, just spitting distance from her Utah homeland.
