When building a Cisco CCIE lab, you concentrate on one particular discipline such as CCIE Security, Voice, Service Provider, Storage or Routing and Switching so you only have to purchase Cisco equipment for that area of expertise.

How to Build a Cisco CCNP Lab - CertificationKits.com
You can practice many CCNP/CCIE Security blueprint items here. Topology however does not include ISE and IPS appliances. The reason is that to practice ISE, I am using real switch (WS-C3550) and for IPS I have another topology. Also, Layer 2 security technologies I am studying using real hardware as there are limitations in IOU and GNS3. In the topology, you may find following things pre ...
