According to the pyramid of corporate social responsibility, CSR has four components: economic, legal, ethical, and philanthropic. These are intertwined, yet the most fundamental is earning a profit. If a firm does not earn a profit, the other three responsibilities are moot. Corporate Social Responsibility (CSR)

Read Book Chapter 3 Ethical Social And Legal Issues

refers to the approach that an organization takes in balancing its responsibilities toward different stakeholders when making legal, economic, ethical, and social decisions. Remember that we previously defined stakeholders as those with a legitimate interest in the success or failure of the business and the policies it adopts.
