« H ö ss è stato uno dei massimi criminali mai esistiti, ma non era fatto di una sostanza diversa da quella di qualsiasi altro borghese di qualsiasi altro paese; la sua colpa, non scritta nel suo patrimonio genetico n é nel suo esser nato tedesco, sta tutta nel non aver saputo resistere alla pressione che un ambiente violento aveva esercitato su di lui, gi à prima della salita di Hitler al potere... Si spandono oggi molte lacrime sulla fine delle ideologie; mi pare che questo libro dimostri in modo esemplare a che cosa possa portare un’ideologia che viene accettata con la radicalit à dei tedeschi di Hitler, e degli estremisti in generale. Le ideologie possono essere buone o cattive; è bene conoscerle, confrontarle e cercare di valutarle; è sempre male sposarne una, anche se si ammanta di parole rispettabili quali Patria e Dover e » Primo LeviPrefazioneCapitolo I: Infanzia e giovinezza: 1900-1916.Capitolo II: Volontario di guerra: 1916-1918.Capitolo III: Il Corpo volontario e il Fememord 1919-1923.Capitolo IV: Nel penitenziario brandeburghese: 1924-1928.Capitolo V: Dopo il rilascio. La « soluzione finale della questione ebraica » II. Heinrich Himmler, Reichsf ü hrer delle SS.III. Eichmann, Obersturmbannf ü hrer delle SS e capo della Sezione ebraica IV B4 dell’Alto Comando per la Sicurezza del Reich (RSHA)

By his own admission, SS Kommandant Rudolf H ö ss was history’s greatest mass murderer, having personally supervised the extermination of approximately two million people, mostly Jews, at the death camp in Auschwitz, Poland. Death Dealer is the first complete translation of H ö ss’s memoirs into English. These bone-chilling memoirs were written between October 1946 and April 1947. At the suggestion of Professor Sanislaw Batawia, a psychologist, and Professor Jan Shen, the prosecuting attorney for the Polish War Crimes Commission in Warsaw, H ö ss wrote a lengthy and detailed description of how the camp developed, his impressions of the various personalities with whom he dealt, and even the extermination of millions in the gas chambers. This written testimony is perhaps the most important document attesting to the Holocaust, because it is the only candid, detailed, and (for the most part) honest description of the Final Solution from a high-ranking SS officer intimately involved in carrying out the plans of Hitler and Himmler. With the cold objectivity of a common hit-man, H ö ss chronicles the discovery of the most effective poison gas, and the technical obstacles that often thwarted his aim to kill as efficiently as possible. Staring at the horror without reacting, H ö ss allowed conditions at Auschwitz to reduce human beings to walking skeletons - then he labelled them as subhumans fit only to die. Readers will witness H ö ss’s shallow rationalizations as he tries to balance his deeds with his increasingly disturbed, yet always ineffectual, conscience.

The Black Hole of Auschwitz brings together Levi ’ s writings on the Holocaust and his experiences of the concentration camp, as well as those on his own accidental status as a writer and his chosen profession of chemist. In this book Levi rails intelligently and eloquently against what he saw as the ebb of compassion and interest in the Holocaust, and the yearly assault on the veracity and moral weight of the testimonies of its survivors. For Levi, to keep writing and, through writing, to understand why the Holocaust could happen, was nothing less than a safeguard against the loss of a collective memory of the atrocities perpetrated against the Jewish people. This moving book not only reveals the care and conviction with which he wrote about the Holocaust, but also shows the range of Levi ’ s interests and the skill, thoughtfulness and sensitivity he brought to all his subjects. The consistency and moral force of Levi ’ s reflections and the clarity and intimacy of his style will make this book appeal to a wide readership, including those who have read and been moved by his masterpiece If This is a Man.
