Shifting your literature instruction to meet the Common Core can be tricky. The standards are specific about how students should analyze characters, themes, point of view, and more. In this new book, Lisa Morris makes it easy by taking you through the standards and offering tons of practical strategies, tools, and mentor texts for grades 2-5. She shows you how to combine the standards into effective units of study so that you can teach with depth rather than worry about coverage. Topics covered include: Teaching questioning, inferring, and author's purpose; Guiding readers to look at themes and write summaries; Showing students how to recognize structural elements of literature; Teaching the craft of writing and vocabulary development; and Helping students analyse characters and character development. Throughout this highly practical book, you'll find a variety of charts and other graphic organizers that can be easily adapted for classroom use. A list of suggested mentor texts is also available as a free eResource from our website, www.routledge.com/books/details/9781138856172.

Depth matters! Can a mere fifteen words turn today's youth into the innovative, ambitious thinkers we need? The best classes have a life of their own, powered by student-led conversations that explore texts, ideas, and essential questions. In these classes, the teacher's role shifts from star player to observer and coach as the students Think critically, Work collaboratively, Participate fully, Behave ethically, Ask and answer high-level questions, Support their ideas with evidence, and Evaluate and assess their own work. The Spider Web Discussion is a simple technique that puts this kind of class within every teacher's reach. The name comes from the weblike diagram the observer makes to record interactions as students actively participate in the discussion, lead and support one another's learning, and build community. It's proven to work across all subject areas and with all ages, and you only need a little know-how, a rubric, and paper and pencil to get started. As students practice Spider Web Discussion, they become stronger communicators, more empathetic teammates, better problem solvers, and more independent learners—college and career ready skills that serve them well in the classroom and beyond. Educator Alexis Wiggins provides a step-by-step guide for the implementation of Spider Web Discussion, covering everything from introducing the technique to creating rubrics for discussion self-assessment to the nuts-and-bolts of charting the conversations and using the data collected for formative assessment. She also shares troubleshooting tips, ideas for assessment and group grading, and the experiences of real teachers and students who use the technique to develop and share content knowledge in a way that's both revolutionary and truly inspiring.

This book offers research-based models of exemplary practice for educators at all grade levels, from primary school to university, who want to integrate human rights education into their classrooms. It includes ten examples of projects that have been effectively implemented in classrooms: two from elementary school, two from middle school, three from high school, two from community college, and one from a university. Each model discusses the scope of the project, its rationale, students' response to the content and pedagogy, challenges or controversies that arose, and their resolution. Unique in integrating theory and practice and in addressing human rights issues with special relevance for communities of color in the US, this book provides indispensable guidance for those studying and teaching human rights.

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.
