"A triumph of investigative journalism." –Tom Wright, New York Times bestselling coauthor of Billion Dollar Whale "Truly one of the most nail-biting, page-turning, terrifying true-crime books I've ever read." –Nick Bilton, New York Times bestselling author of American Kingpin From award-winning journalists Matthew Campbell and Kit Chellel, the gripping, true-crime story of a notorious maritime hijacking at the heart of a massive conspiracy—and the unsolved murder that threatened to unravel it all. In July 2011, the oil tanker Brillante Virtuoso was drifting through the treacherous Gulf of Aden when a crew of pirates attacked and set her ablaze in a devastating explosion. But when David Mockett, a maritime surveyor working for Lloyd's of London, inspected the damaged vessel, he was left with more questions than answers. How had the pirates gotten aboard so easily? And if they wanted to steal the ship and bargain for its return, then why did they destroy it? The questions didn't add up—and Mockett would never answer them. Soon after his inspection, David Mockett was murdered. Dead in the Water is a shocking expose of the criminal inner workings of international shipping, told through the lens of the Brillante hijacking and its aftermath. Through first-hand accounts of those who

Lived it—from members of the ship's crew and witnesses to the attacks, to the ex-London detectives turned private investigators seeking to solve Mockett's murder and bring justice to his family—award-winning Bloomberg reporters Matthew Campbell and Kit Chellel piece together the astounding truth behind one of the most brazen financial frauds in history. The ambitious culmination of more than four years of reporting, *Dead in the Water* uncovers an intricate web of conspiracy amidst the lawless, old-world industry at the backbone of our new global economy.

will leave you very, very angry. Dead in the Water would be political satire of the highest order . . . if it weren't so tragically true.

Stone Barrington only wants a winter getaway from the chill of New York in the beautiful, tropical Caribbean paradise of St. Mark's. But what the lawyer and ex-cop gets instead is the chance to defend Allison Manning. The beautiful young woman stands accused of killing her rich husband on board their luxurious yacht and then burying him at sea. Stone isn't exactly conversant with the island country's law, but this much is clear to him: Allison is being railroaded by the perverse sense of justice of a prosecutor who will do anything to stay in office. Donning the robe and wig of a British barrister, Stone does everything he can to save Allison—from publicizing the case all over the American press to conducting the kind of smart, tough investigation that money can't buy. Just when he has the jury in the palm of his hands, a shocking reversal of fortune changes everything. And what was once a sure thing begins to look a lot like a death sentence.

Engine parts were found in the sea off Guatemala. Junior doctor Chris Farmer and his girlfriend, Peta Frampton, were still clinging to life when they were thrown from the yacht they'd been crewing. Here is the gripping account of how Chris's family worked alongside police, the FBI, and Interpol to gather evidence against the boat's Californian skipper, Silas Duane Boston. Almost four decades later, in 2015, Chris's sister, Penny, used Facebook to track down Boston. Following the detailed, haunting testimony of his own two sons—who also implicated their father in a string of other killings—Boston was finally arrested and charged with two counts of maritime murder. A story of homicide on the high seas, *Dead in the Water* is also a tale of a family's fortitude and diligence in tracking down a monster. "A real-life page turner more intriguing than anything on Netflix."—*Mail on Sunday* "A heartbreaking tale of familial love and a sister's hunt for justice. There are numerous twists and turns which would be disturbing if they were woven between the pages of a novel let alone as part of a true story."—*The Tattooed Book*
