In my experience, good reverse harem romances are hard to write. A lot of the time the romance tends to swallow up the story and the plot seems to be an afterthought. This wasn't the case with Dragon's Guard.

Reverse Harem - Standalones and 1st in series (810 books)  
Dragons, a prophecy, a curse and a reverse harem of the most important dragons. It's crazy tempting and honestly not that bad if you really like all these elements even if it's done a little bland. The beginning is good, I love the thief idea and to use it as a way to Dragon's Fire is smushed together version of the whole blood prophecy series, five tiny books make for a one long ass read duh.
