Go for one with a decent service history and perhaps good, Ducati modifications such as Termignoni exhausts. Within the last decade you could find a good, clean M900 for £1500 – but no longer! Today, you'd be hard-pressed to find a tatty, but solid 600 for that amount. Prices now rise to £4500 for an original 1994 M900 in very good order.

faultlessly, lovely smooth powerful

nothing untoward or serious.

The 900 Monster's extra kilos do give it a  
slightly more reassuring feel, and paying  
the price of marginally reduced agility is  
more than made up for by this. But the big  
gains, in not just speed but enjoyment,  
come from the extra power of the motor.  
An 80% boost in power is, unsurprisingly,  
easy to detect as soon as the throttle is  
twisted.

But you might have to service Ducati  
valves more often than non-Ducati  
motorcycles. An old Monster with a two-  
valve engine needs to be serviced every  
6,000 miles (or 10,000km I guess). A  
newer one only needs service every 18,600  
miles (30,000km), but it's a more involved  
job because there are more valves, and if  
you're special and have a V4, more  
cylinders.

On the 50th anniversary of America's deadliest prison riot comes a prison-guard daughter's quest to uncover the truth about her father's murder during the uprising—a story of crossing racial divides, befriending inmates and correctional officers alike, and challenging the state to reveal and pay for its malfeasance. Deanne Quinn Miller was five years old when her father—William “Billy” Quinn—was murdered in the first minutes of the Attica Prison Riot, the only corrections officer to die at the hands of inmates. But how did he die? Who were the killers? Those

questions haunted Dee and wreaked havoc on her psyche for thirty years. Finally, when she joined the Forgotten Victims of Attica, she began to find answers. This began the process of bringing closure not only for herself but for the other victims—families, the former prisoners she met, and all of those who perished on September 13, 1971—the day of the “retaking,” when New York State troopers and corrections officers at the Attica Correctional facility slaughtered twenty-nine rioting prisoners and ten hostages in a hail of gunfire. In *The Prison Guard’s Daughter*, Dee brings readers in on her lifelong mission for the truth and justice for the Attica survivors and the families of the men who lost their lives. But the real win was the journey that crossed racial and criminal-justice divides: befriending infamous Attica prisoner Frank “Big Black” Smith, meeting Richard Clark and other inmates who tried to carry

her father to safety after his beating, and learning what life was like for all of the people—prisoners and prison employees alike—inside Attica. As Miller lays bare the truth about her father’s death, the world inside Attica, and the state’s reckless raid and coverup, she conveys a narrative of compassionate humanity and a call for prison reform.
