Approaches Educational Planning Challenges And Approaches Challenges And And

Educational planners will face ten central problems in the next decade. First, there will be a rising demand for education, spurred by continued rapid population growth.

Second, educational

Acces PDF

Educational

development will face increasing financial constraints in many countries. Third, educational systems will have to respond to serious shortages of specialized manpower.

Major Problems Facing

And

This challenges
educationists to rethink
the role of education in
agricultural and rural
development, and in
doing so it is essential to
visualize education not
only in terms of the
formal school- the
elementary school, the

Acces PDF Educational

agricultural high school, the agricultural college- but more broadly to include the many kinds of practical training and education that go on, or should go on, outside the formal system, such as farmer training, literacy training, training of mothers in home economics.
