HM Customs & Excise (now part of HM Revenue and Customs) collected £162 billion of gross receipts in 2003-04 in value added tax (VAT) and excise and customs duties from over 1.8 million business traders. The Committee's report examines the NAO standard report on the work of the Department during 2003-04 (contained within the 95th report of the Commissioners of Her Majesty's Customs and Excise for 2003-04, published as HCP 119, session 2004-05, ISBN 0102931593 in December 2004). It makes a number of recommendations focusing on work related to the two key revenue streams of VAT (which generates £63.6 billion net) and hydrocarbon oils, mainly on petrol and diesel fuel (which provides £12.7 billion and £9.8 billion respectively).

`This book is a good comprehensive text and comes highly recommended to anyone currently involved in, looking to get involved in, or just interested in environmental management, environmental accounting and

## Read Book Financial Accounting 2nd Edition Eland Thomas And Herrmann

reporting' - Pacific Accounting Review This is the long-awaited 2nd edition of the benchmark publication that helped shape the developing agenda of environmental accounting. This excellent new edition provides an overview of the subject ranging from environmental management to sustainability, and integrates the major advancements that have occurred since the first edition - in both research and practice. It introduces and explains environmental issues as they relate to accountants today. This new work also places an increased emphasis on the emerging research literature in the field and reveals a consciousness of the difficulties of developing an environmental agenda in business. It makes an excellent stand-alone text for lower level students, a firm base from which the advanced student or researcher can explore research and more complex issues, and a useful guide for practitioners seeking to understand and implement environmental practice.

The Handbook of 21st Century Management provides authoritative insight into the key issues for students in college or corporate courses with a particular emphasis on the current structure of the topic in the literature, key threads of discussion and research on the topic, and emerging trends. This resource is useful in structuring exciting and meaningful papers and presentations and assists readers in deciding on management areas to take elective coursework in or to orient themselves towards for a career. Indeed, familiarity with many of the topics in this Handbook would be very useful in job interviews for positions in business.

Looking for jobs and careers with top American employers--the companies that are recruiting and hiring today?
