~~The Globalization of World Politics: An Introduction to~~

Globalization affects the political stage by moving away from a national, territorial system and towards a unilateral integrated system. This allows for less focus on independent rights and economies and much greater focus on world events, local crises, human rights and global development, according to Global Policy.

~~92804982626—The Globalisation of World Politics—~~

The first part of the course deals with the various theoretical perspectives with regard to the processes of globalization The second part of the unit examines the impact that globalization processes are having upon domestic and international political arrangements. Globalisation is purportedly unsettling the Westphalian order and, in so doing, challenges the relations between states and society, and our understandings of their respective roles in the international order.
