Hell hath no fury, like a goddess scorned... OK, so I accepted Kronin's call to defeat the Forgotten Gods and save the earth. But don't thank me yet. Just because I'm on the job doesn't mean it will be easy-even with the Gladius Solis at my side and the power of Carcerum coursing through my veins. The problem is that the Forgotten aren't your run of the mill villains. They're, well...gods. Which means they're violent, powerful, and crafty as hell. And all manner of human scum is flocking to their side. Along with my vampire problems, strange beauties have started appearing throughout the country, seducing men and women of great power. But I've got a hunch that there's more to these ladies than an alluring smile. I'm just not sure I want to find out what it is. Goddess Scorned is the action-packed sequel to Forgotten Gods. It follows the adventures of Vic Stratton and her allies as they seek to defend the world from the evil trying to devour it. Unfortunately, sometimes evil wears a pretty face.

An abandoned Egyptian goddess follows her visions to Ireland, and finds more than she ever bargained for... Bat Sitru has been alone for millennia. Once the favored goddess of two kingdoms, she is now nothing but a shadow of herself – no followers, no temples, and only the overly mischievous cat-goddess Bastet for a friend. When her faded visions return and show her a land of green slopes, mist, and rainbows, her hope for a place to belong, a place to call home, is renewed. But visions can be tricky, tricky things. After arriving in Sligo, Ireland, she wonders she's been led astray. She's cold, damp, and her new landlords, the O'Loinsigh brothers, are not particularly welcoming. On top of that, she is confronted by a dead leprechaun on the rear stoop, a dagger that sucks the life of immortals, and territorial gods. As past secrets collide with the present, will Bat be able to carve a place for herself in this new land? Or will this goddess be forgotten once more?

Breaking out of FBI lock up nearly got me killed, but that's nothing compared to getting off this damn island. The gods have descended on New York, and all hell has broken loose. Apparently, they have big plans for the weekend, but I have a feeling it doesn't include taking in a Broadway show. With three gods angling for control and the Forgotten battling it out on every street corner, I want nothing more than to save as many souls as possible and get the hell out of town. But supernatural gridlock is a bitch, and their evil master plan is not something I can just leave behind. I'm Vic Stratton. I've got a werewolf, a demon for hire, and a flaming sword of the gods on my side. It's time to deliver the Big Apple from evil. Buy Gods of New York now and start the second arc of Forgotten Gods!

"According to Ricoeur, the most primal and spontaneous symbols of evil are defilement, sin and guilt ... Ricoeur moves from the elementary symbols of evil into the rich world of myths ... and he ends by suggesting that the clue to the relation between philosophy to mythology is to be found in the aphorism 'The symbol gives rise to the thought' ... Ricoeur's method and argument are too intricate and rich to assess in so short a review. Suffice it to say that this is the most massive accomplishment of any philosopher within the ambience of Christian faith since the appearance of Gabriel Marcel" - Sam Keen, The Christian Century

From Marie Phillips, hailed by the Guardian Unlimited website as a “hot author” destined to “break through” in 2007, comes a highly entertaining novel set in North London, where the Greek gods have been living in obscurity since the seventeenth century. Being immortal isn’t all it’s cracked up to be. Life’s hard for a Greek god in the twenty-first century: nobody believes in you any more, even your own family doesn’t respect you, and you’re stuck in a dilapidated hovel in North London with too many siblings and not enough hot water. But for Artemis (goddess of hunting, professional dog walker), Aphrodite (goddess of beauty, telephone sex operator) and Apollo (god of the sun, TV psychic) there’s no way out... until a meek cleaner and her would-be boyfriend come into their lives and turn the world upside down. Gods Behaving Badly is that rare thing, a charming, funny, utterly original novel that satisfies the head and the heart.

In this modern-day "lively re-imagining of classical mythology" (Deborah Harkness), when a string of women are murdered in an ancient pagan ritual, Selene DiSilvia -- known by some as the goddess Artemis -- hears their cries for help and takes up her bow once more. Manhattan has many secrets. Some are older than the city itself. The city sleeps. In the predawn calm, Selene DiSilva finds the body of a young woman washed ashore, gruesomely mutilated and wreathed in laurel. Her ancient rage returns, along with the memory of a promise she made long ago -- when her name was Artemis. Jordanna Max Brodsky's acclaimed debut sets Greek Gods against a modern Manhattan backdrop, creating an unputdownable blend of myth and mystery. The Olympus Bound series:The ImmortalsWinter of the GodsOlympus Bound For more from Jordanna Max Brodsky, check out:The Wolf in the Whale

The exciting end to The Poppy War trilogy, R. F. Kuang's acclaimed, award-winning epic fantasy that combines the history of twentieth-century China with a gripping world of gods and monsters, to devastating, enthralling effect. After saving her nation of Nikan from foreign invaders and battling the evil Empress Su Daji in a brutal civil war, Fang Runin was betrayed by allies and left for dead. Despite her losses, Rin hasn't given up on those for whom she has sacrificed so much—the people of the southern provinces and especially Tikany, the village that is her home. Returning to her roots, Rin meets difficult challenges—and unexpected opportunities. While her new allies in the Southern Coalition leadership are sly and untrustworthy, Rin quickly realizes that the real power in Nikan lies with the millions of common people who thirst for vengeance and revere her as a goddess of salvation. Backed by the masses and her Southern Army, Rin will use every weapon to defeat the Dragon Republic, the colonizing Hesperians, and all who threaten the shamanic arts and their practitioners. As her power and influence grows, though, will she be strong enough to resist the Phoenix’s intoxicating voice urging her to burn the world and everything in it?

The final title from the first Forgotten Realms trilogy ever published, now available as an eBook! Published in 1989, Darkwell was the final novel in the first trilogy ever set in the Forgotten Realms world.

Egypt, 1400s BC. The pharaoh's pampered second daughter, lively, intelligent Hatshepsut, delights in racing her chariot through the marketplace and testing her archery skills in the Nile's marshlands. But the death of her elder sister, Neferubity, in a gruesome accident arising from Hatshepsut's games forces her to confront her guilt...and sets her on a profoundly changed course. Hatshepsut enters a loveless marriage with her half brother, Thut, to secure his claim to the Isis Throne and produce a male heir. But it is another of Thut's wives, the commoner Aset, who bears him a son, while Hatshepsut develops a searing attraction for his brilliant adviser Senenmut. And when Thut suddenly dies, Hatshepsut becomes de facto ruler, as regent to her two-year-old nephew. Once, Hatshepsut anticipated being free to live and love as she chose. Now she must put Egypt first. Ever daring, she will lead a vast army and build great temples, but always she will be torn between the demands of leadership and the desires of her heart. And even as she makes her boldest move of all, her enemies will plot her downfall.... Once again, Stephanie Thornton brings to life a remarkable woman from the distant past whose willingness to defy tradition changed the course of history.

The gods may think they have won...but I won't be forgotten. Thrown into Gods Chará, a land with no magic and no end, Daesyn has to escape and get back to the world that has been forced to forget her.With a little help from an unexpected goddess and a flash from the past, Daesyn is going for the Otherworld throne her mother once ran from.The world might have forgotten who Daesyn is, but real love can't be so easily erased.War is here, four worlds are fighting, and Daesyn is nothing more than a thief.Can a thief change the world? Fans of epic urban fantasy romance will love this four-book series by USA Today Bestselling

Author G. Bailey. This is a reverse harem romance meaning the main character will have more than one love interest. This series is a crossover of the series, A Demon's Fall, but can be read on its own.
