Growing Pains is a collection of case studies about the patients Dr. Shooter has seen in his career, right from adolescents with anorexia nervosa to victims of parental neglect. Ive always been fascinated by the effects of childhood trauma on adults, so reading this book answered so many questions Ive had before.

This book – Growing Pains – was recommended to me by a psychology colleague. I was a little dubious, but was quickly proven wrong! If you work with children or teenagers you'll get real value out of this book – it's full of the realities and challenges of the work, but retains a palpable sense of hope for positive outcomes.
