In this comprehensive book, the first of its kind, the author shares the work of many feminist biblical scholars who have examined women's stories in the last twenty-five years. These stories are powerful accounts of women in the Old Testament--stories that have profoundly affected how women understand themselves. Helpmates, Harlots, and Heroes: Women's Stories in the Hebrew Bible ...

This best-selling book, now revised and updated, shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament--stories that have profoundly affected how women understand themselves as well as men's perception of them. Here, Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century, which renders a vast amount of refreshing, exciting, sometimes disturbing material.

This best-selling book, now revised and updated, shares the work of many feminist biblical scholars who have examined women's stories for several years. These stories are powerful accounts of women in the Old Testament--stories that have profoundly affected how women understand themselves as well as men's perception of them. Here, Alice Bellis shares the research of feminist biblical scholarship during a quarter of a century, which renders a vast amount of refreshing, exciting, sometimes disturbing material.

In this volume, Alice Ogden Bellis considers the book of Proverbs as a structural whole, the sages having designed it in such a way as to make positive statements about women and to undercut the negative ones. By grouping Proverbs together around common issues, the reader is called to consider the perennial moral questions of wealth and poverty, diligence and laziness, and integrity and corruption, as well as the relationship among these values. The result is much more complex and has greater depth than the random list of bromides that most of Proverbs is often thought to be. This volume opens up a multi-dimensional spiritual puzzle.

## Read Free Helpmates Harlots And Heroes Second Edition Womens Stories In The Hebrew Bible

This book focuses on biblical stories about women, collected in one volume, paraphrases and interprets them from multiple and diverse scholars and in addition highlights the benefits and problems of the stories for contemporary women.

Exploring six Gospel texts in which women encounter Jesus, Gench encourages readers to view these stories anew through the eyes of contemporary biblical scholarship.

A feminist, cultural reading of the women in the Bible, which challenges traditional methods of biblical study.

Jews call the Hebrew Scriptures the "Tanakh" and Christians call them the "Old Testament." It doesn't take long to see that Jews and Christians view the same set of books differently and interpret these scriptures in unique and at times conflicting ways. The Hebrew Bible for Beginners introduces students to the tremendous influence the Hebrew Bible has had on western society for over two millennia and explores the complexities of reading ancient religious literature today. The book also addresses how certain modern critical approaches may initially be alarming, indeed even shocking, to those who have not been exposed to them, but it tackles the conversation in a respectful fashion. Avoiding jargon and convoluted prose, this highly accessible volume provides textboxes, charts, a timeline, a glossary, and regularly includes artistic renderings of biblical scenes to keep lay and beginning readers engaged.

Womanist Midrash is an in-depth and creative exploration of the well- and lesser-known women of the Hebrew Scriptures. Using her own translations, Gafney offers a midrashic interpretation of the biblical text that is rooted in the African American preaching tradition to tell the stories of a variety of female characters, many of whom are often overlooked and nameless. Gafney employs a solid understanding of womanist and feminist approaches to biblical interpretation and the sociohistorical culture of the ancient Near East. This unique and imaginative work is grounded in serious scholarship and will expand conversations about feminist and womanist biblical interpretation.

Bonnie Thurston examines the personalities, place, and power of women in the New Testament. She provides a cultural and religious context for them by briefly outlining the position of women in the Greco-Roman world. The aim is to reveal the ways in which early Christianity attempted to liberate people from oppression (particularly patriarchy), as well as to point out the places and ways in which the early Christian community compromised with the dominant society.
