Our understanding of world history is changing, as new discoveries are made on all the continents and old prejudices are being challenged. In this truly global journey Andrew Marr revisits some of the traditional epic stories, from classical Greece and Rome to the rise of Napoleon, but surrounds them with less familiar material, from Peru to the Ukraine, China to the Caribbean.

By Peter Haugen. The history of the world isn't easily condensed, but the timeline here does a good job of hitting the high notes and most significant events of roughly 4,000 years from the beginnings of Hinduism to the freeing of Nelson Mandela. After Columbus sailed and Constantinople fell, Europeans continued to search out trading routes and thinkers and doers around the globe made history in their various ways.

Summary. The History of the World is a graphic and textual portrayal of the history, influence and context for acid house and brass band music. Adopting the form of a flow diagram, it suggests that there are social and political echoes and points of confluence between these two musical movements that date from different eras; acid house being a post-industrial movement of the late twentieth century, and the brass band movement dating from the industrial era of the nineteenth century.

A History of the World was a major series for the BBC and this is the tie in book, written by Andrew Marr. The series had eight episodes, and this book has eight substantial chapters. It has the broad brushstrokes of history with lots of details, but not all the minutiae that you would expect from a detailed book on a particular time.
