In her own words, a young girl describes her feelings about starting kindergarten and what she does when she decides not to ride the bus home.

"Arbitrary Stupid Goal is a completely riveting world--when I looked up from its pages regular life seemed boring and safe and modern like one big iPhone. This book captures not just a lost New York but a whole lost way of life." --Miranda July In Arbitrary Stupid Goal, Tamara Shopsin takes the reader on a pointillist time-travel trip to the Greenwich Village of her bohemian 1970s childhood, a funky, tight-knit small town in the big city, long before Sex and the City tours and luxury condos. The center of Tamara's universe is Shopsin's, her family's legendary greasy spoon, aka "The Store," run by her inimitable dad, Kenny--a loquacious, contrary, huge-hearted man who, aside from dishing up New York's best egg salad on rye, is Village sheriff, philosopher, and fixer all at once. All comers find a place at Shopsin's table and feast on Kenny's tall tales and trenchant advice along with the incomparable chili con carne. Filled with clever illustrations and witty, nostalgic photographs and graphics, and told in a sly, elliptical narrative that is both hilarious and endearing, Arbitrary Stupid Goal is an offbeat memory-book mosaic about the secrets of living an unconventional life, which is becoming a forgotten art.

Draw on Your Emotions is a bestselling resource to help people of all ages express, communicate and deal more effectively with their emotions through drawing. Built around five key themes, each section contains a simple picture exercise with clear objectives, instructions and suggestions for development. The picture activities have been carefully designed to help ease the process of both talking about feelings and exploring life choices, by trying out alternatives safely on paper. This will help to create clarity and new perspectives as a step towards positive action. Offering a broad range of exercises which can be adapted for any ability or age from middle childhood onwards, this unique book explores a range of emotions surrounding a person's important life experiences, key memories, relationships, best times, worst times and who they are as a person. This is an essential resource for therapists, educators, counsellors and anyone who engages other people in conversations that matter about their relationship to self, others and life in general. This revised and updated second edition also contains a new section on how to use the superbly emotive The Emotion Cards (9781138070981) to facilitate deeper therapeutic conversations.

'Brilliant and inspirational, for all ages' - Jane B.

After a hate crime occurs in his small Texas town, Adrian Piper must discover his own power, decide how to use it, and know where to draw the line in this "powerful debut" novel (Publishers Weekly, starred review) exquisitely illustrated by the author. Adrian Piper is used to blending into the background. He may be a talented artist, a sci-fi geek, and gay, but at his Texas high school those traits would only bring him the worst kind of attention. In fact, the only place he feels free to express himself is at his drawing table, crafting a secret world through his own Renaissance-art-inspired superhero, Graphite. But in real life, when a shocking hate crime flips his world upside down, Adrian must decide what kind of person he wants to be. Maybe it's time to not be so invisible after all--no matter how dangerous the risk.
