It follows the principle that investing is actually a liberal art, and being a good investor requires an individual to have broader horizons and the importance of wisdom over intellect. The book draws parallels from different streams of arts or sciences with the investing world, including physics, biology, psychology, philosophy, mathematics, etc.

philosophy, and literature.

## ~~INVESTING — THE LAST LIBERAL ART~~

These are not facts that business schools typically expose their students to. But in *Investing: The Last Liberal Art*, Robert Hagstrom maintains that the knowledge conveyed in a liberal arts curriculum begets wide understanding that improves investment skills. Hagstrom's success in the profession — he is senior vice president and portfolio manager at Legg Mason Capital Management — makes his opinion on the subject worth considering.
