nursing curriculum. Written by practicing nurses in acute care, this text provides students with a basic understanding of complex patients and the ability to provide nursing care across a variety of settings by using a series of reality-based, self-paced, self-contained modules that focus on multiple system problems frequently encountered in working with high acuity patients. Using a "nuts and bolts" approach, it addresses essentials by using examples, analogies, and metaphors; focuses on concepts and principles that can be applied across practice settings and patient populations; and includes nursing diagnoses. The modules progress from simple to complex and contain pretests and posttests with answers, learning objectives, glossary, abbreviations, and review questions

page format that keeps students' attention focused on their own writing and on activities, checklists, projects, and visual aids that help them write. The page design and innovative visuals make information about writing, reading, research, documentation, technology, and grammar easy for students to access and understand. To accomplish their writing tasks, students are taught to ground their rhetorical decisions in the specific context in which they are writing. Because writing and reading occur both in print and online, **WRITING: A MANUAL FOR THE DIGITAL AGE, BRIEF 2nd Edition**, prepares students to work with images, audio, video, and print. Technology Toolbox features throughout, as well as two dedicated parts of the book (Parts 6 and 7), teach students how to compose with
