A heart warming story about two little children & their village. Once upon a time there lived in a little village in Austria, near a rocky mountain, two little children, Katja & Nicol. The little hamlet was so beautiful, we called it Camelot. It was the domain of the God of the Mountains, our beloved Ruebezahli. Katja & Nicol is a part of a true experiment with the Beings of the Elements & the God of the Mountains. --This is book one. Three more will follow; also, this book will be on tape, & so will the others that follow. It is written for the ones who believe that around us & in our world are greater powers than human power. Powers of Light & Protection. Anyone who can accept this will enjoy the book. It is a book without crime & violence. It is the balance back to life. Don't buy the book if you believe in war, crime or violence, & that dope & hate are necessary to survive...Crime, hate & war are HUMAN CREATIONS & HAVE NO PLACE IN A GOOD, CLEAN GOD-WAY OF LIFE.

Traditionally, anaphor resolution focused on structural cues of the antecedent. Recently, the interaction between discourse factors and information structure affecting antecedent salience has been more thoroughly explored. This volume depicts selected peer-reviewed research papers that tackle issues in anaphor resolution from theoretical, empirical and experimental perspectives. These collected articles present a wide spectrum of cross-linguistic data (Dutch, German, Spanish, Turkish, Yurakaré) and also offer new results from L1 and L2 acquisition studies. Data interpretation span from typological to psycholinguistic viewpoints and are related to recent developments in linguistic theory. One data analysis puts the issue of anaphor resolution in a historical context. The experimental findings are complemented by reviews of the current literature on the role of discourse units. This volume gives a comprehensive overview of the state of discussion how the interaction between information structure and contextual discourse affects salience. That's why it will be welcomed by all linguists and psycholinguists who are theoretically and / or experimentally investigating several aspects of anaphor resolution.

Exploring more than seventy-five well-known paradoxes in mathematics, philosophy, physics, and the social sciences showing how reason and logic can dispel the illusion of contradiction. Paradox is a sophisticated kind of magic trick. A magician's purpose is to create the appearance of impossibility, to pull a rabbit from an empty hat. Yet paradox doesn't require tangibles, like rabbits or hats. Paradox works in the abstract, with words and concepts and symbols, to create the illusion of contradiction. There are no contradictions in reality, but there can appear to be. In Sleight of Mind, Matt Cook and a few collaborators dive deeply into more than 75 paradoxes in mathematics, physics, philosophy, and the social sciences. As each paradox is discussed and resolved, Cook helps readers discover the meaning of knowledge and the proper formation of concepts--and how reason can dispel the illusion of contradiction.

For Bianca Schumann, a Former Tender and esteemed mediator in vampire society, straddling the human and vampire worlds has become infinitely more complicated as the two worlds prepare for battle. When she finds herself the target of Species Purifiers, she enlists the help of Jagger Kaius to exact revenge on the humans responsible for the destruction of her home. Jagger, bearing the cursed markings of his recent imprisonment, understands Bianca's desire for vengeance. But the longer he works alongside her, the more intrigued and confused he becomes by the cracks he sees in her practiced perfection. Burned by love in the past, he clings tightly to the Tender-Vampire dance, one of clear rules and expectations. Will Jagger be able to break through Bianca's Tender training and the walls around his heart, or will he step away as she chooses her side in the impending species war?

Studienarbeit aus dem Jahr 2011 im Fachbereich Musikwissenschaft, Note: 1,7, Humboldt-Universität zu Berlin (Institut für Musikwissenschaft und Medienwissenschaft), Sprache: Deutsch, Abstract: Einleitung: Ich mochte mich im Folgenden ausführlich mit dem Thema Gender Studies auseinandersetzen. Speziell mochte ich die Riot-Grrrl-Bewegung der 1990er Jahre thematisieren. Ich mochte darlegen, inwieweit diese Bewegung Einfluss auf die Feminisierung der Rockmusik genommen hat und inwiefern sie dabei mit dem klassischen Feminismus im Konflikt stand. Ausserdem mochte ich Gemeinsamkeiten aufzeigen. Des Weiteren ist zu klären, welche Veränderungen die Riot-Grrrl-Bewegung hervorgerufen hat und wie sich diese auf die kulturelle Rolle der Frau, speziell im Rockbusiness, ausgewirkt haben. Hierbei stellt sich mir die Frage, ob die aussere Wirkung der Riot Grrrls mit ihren Werten und Zielen zu vereinbaren ist. Im Zuge dessen mochte ich klären, ob es hilfreich ist, sich bewusst sexualisiert darzustellen, wenn der Objektstatus der Frau eigentlich bekämpft werden soll. Schlussendlich mochte ich aufdecken, ob Ironie und Zynismus effektive Taktiken zur Bekämpfung von Ungerechtigkeiten in der Gesellschaft sind und ob sich die Riot Grrrls der möglichen Falschinterpretation und deren Folgen bewusst sind.“
