KEF PSW series Sub-woofer controls and set-up. Connections. Connect the A/V amplifier's "Sub" or "LFE" output to either L or R line input. (It doesn't matter which). Level. Start with this control at about 1/3rd advanced and adjust as you listen. Too low and there will be insufficient bass, too high and the bass will be overpowering.

Kef PSW sub-woofer set-up for the non technical.

Raised with limited peer interaction, Ernestine St Bennett has difficulty interpreting social cues. At twenty-five she's become a loner; a shy nerd immersed in her scientific studies, whose best friend is her pet fish, Waldo. Then Ernestine meets Simon Prime, who's obviously a nerd, too! Sympathizing with his social dysfunction, Ernie decides to help poor Simon increase his self-esteem and thus enhance his social standing. Using principles learned in her fish studies, she'll simply turn Simon from meek to macho. What Ernestine doesn't know (but Waldo suspects) is that Simon Prime is really ex-cop, private investigator Sam Pierce in disguise. A man who definitely doesn't need his masculinity enhanced!

"Mia's whirlwind journey is a refreshing mix of adventure, soul-searching, and steaming hot physical intensity that packs an emotional punch."
—Meredith Wild, #1 NYT Bestselling Author of the Hacker Series Synopsis Pretending. I've always been good at pretending. Being someone else is easy, and that ability has served me well these last seven months. This time, I've been hired to be the long lost sister of oil tycoon, and down to earth cowboy, Maxwell Cunningham. Recently, Maxwell's father passed away and in his last Will and Testament he dropped a bomb no one saw coming. One of the richest men in the world, left forty-nine percent of his company to a sister my client never knew he had. A woman named Mia Saunders. Maxwell has a year to find this sister or he loses almost half of his empire to a greedy board of investors. Somehow, he found me and here I am. Sharing in family dinners, pretending to be someone I'm not and fooling bigwigs left and right. Only I'm finding myself falling in love with a family I can never have. One that will hurt to leave. Stetsons, soul-searching, and sisterly duty all come into a sharp tangle with twists and turns I never saw coming. *** In the eighth book of the Calendar Girl serial, Mia is sent to Dallas, Texas. Still on her mission to save her father, she is hired to be the long lost sister of Maxwell Cunningham, one of the newly richest men in America. Each installment in the Calendar Girl Serial will release every month throughout 2015. The stories will feature Mia's journey as an escort to twelve clients in twelve different locations. Warning: This book is designed for audiences 18+ due to language and graphic sexual content.

This easy-to-understand, fully illustrated manual is a fine primer on the art of locksmithing without specialized tools. It discusses using jimmy and "shove knives," screwdrivers, drills, door frame spreaders, hacksaw blades, thumb tacks, elastic bands, and other common tools and items to open doors, windows, desks, and cabinets. This classic booklet is fascinating reading for professional locksmiths or anyone

interested in this useful skill.

"My heart wandered through the world constantly seeking after my cure, but the sweet and delicious water of life had to break through the granite of my heart." When the words of Rumi enter your heart, something softens, breaks, and is subtly reborn. That he wrote the words seven hundred years ago in a medieval Persian world that bears little resemblance to ours makes their uncanny resonance to us today just that much more remarkable. Here is a treasury of daily wisdom from this most beloved of all the Sufi masters—both his prose and his ecstatic poetry—that you can use to start every day for a year, or that you can dip into for inspiration any time you need to break through the granite of your heart.

Angel's dad is in jail and her mum's abandoned her and her little brother at their great-grandmother's crumbling farmhouse. Grandma can't even look after herself, let alone two children, so Angel finds that it's left up to her. In a dreary and lonely world there is only one bright spot - a mysterious stranger who appears on clear nights to teach Angel all about the stars.* Katherine Paterson is an internationally acclaimed author who has won the Newbery Medal (twice), the National Book Award for Children's Literature (USA) twice, and the prestigious Hans Christian Andersen Award
