King Arthur is one of the greatest legends of all time. From the magical moment when Arthur releases the sword in the stone to the quest for the Holy Grail and the final tragedy of the Last Battle, Roger Lancelyn Green brings the enchanting world of King Arthur stunningly to life. One of the greatest legends of all time, with an inspiring introduction by David Almond, award-winning author of *Clay*, *Skellig*, *Kit's Wilderness* and *The Fire-Eaters*.

This third edition of Vinaver's superbly annotated text of the Works provides a factually corrected version of the second edition, including reverified text and apparatus consisting of some 2,850 changes, and a completely revised index and glossary. In addition to the new changes, the volume offers the standard format of the previous two editions, including a definitive biography and literary interpretation of Malory, an essay describing the texts on which the edition was established, the Caxton printing, a lucid and highly readable introduction, full critical apparatus, and numerous relevant quotes from unpublished sources.

Originally published in 1994, *Oral Tradition in Middle English* is an edited collection providing a multidisciplinary look at the importance and nature of oral tradition in Middle English literature. The book offers a discussion of the gradual problemization of orality and literacy in works of verbal art from this period. It shows how early typographies proved too exclusive to explain the heterogeneity of relevant texts, bringing to bear the new and potentially productive concepts of "vocality" and developing literacy. This book establishes a new interpretive paradigm for Middle English poetry.

Lumiansky traces Malory's originality through Malory's treatment of the main generic features of the

Suite du Merlin.

The legends of King Arthur and his knights of the Round Table have inspired some of the greatest works of literature--from Cervantes's *Don Quixote* to Tennyson's *Idylls of the King*. Although many versions exist, Malory's stands as the classic rendition. Malory wrote the book while in Newgate Prison during the last three years of his life; it was published some fourteen years later, in 1485, by William Caxton. The tales, steeped in the magic of Merlin, the powerful cords of the chivalric code, and the age-old dramas of love and death, resound across the centuries. The stories of King Arthur, Lancelot, Queen Guenever, and Tristram and Isolde seem astonishingly moving and modern. Malory's *Le Morte d'Arthur* endures and inspires because it embodies mankind's deepest yearnings: for brotherhood and community; a love worth dying for; and valor, honor, and chivalry. 'Le Morte d'Arthur remains an enchanted sea for the reader to swim about in, delighting at the random beauties of fifteenth-century prose,' said Robert Graves.
