Language, Society and Power - Les-mer.no

4.3 Media, language and power As we noted in the last section, one of the most important and interesting aspects of the potential power of the media from a linguistic point of view is the way that people and events get reported. Since the early 1970s, linguists have been interested in the relationship between how a story gets told, and

Language, Society and Power: An Introduction, Second Edition

We can see that the number of deaf people and their social situation affects the language that they use. Power also comes in here when we discuss the influence of people and society upon a language: if you have power, you can manipulate the language to suit you. This is important here for sign languages. This is not always a bad thing.
