The MX200 features the classic Lexicon reverb sound as well as providing additional effects (32 effect types in all), where two effects can run at the same time under one of four routing options. These may be accessed through very simple front-panel controls or using the MX-Edit editor/librarian software that works within VST or Audio Unit hosts. This way the MX200 is seen by the host software ...

For decades performers, instrumentalists, composers, technicians and sound engineers continue to manipulate sound material. They are trying with more or less success to create, to innovate, improve, enhance, restore or modify the musical message. The sound of distorted guitar of Jimi Hendrix, Pierre Henry's concrete music, Pink Floyd's rock psychedelic, Kraftwerk 's electronic music, Daft Punk and rap T-Pain, have let emerge many effects: reverb, compression, distortion, auto-tune, filter, chorus, phasing, etc. The aim of this book is to introduce and explain these effects and sound treatments by addressing their theoretical and practical aspects.
Gathers sardonic quotations about acting, popularity, neighbors, government, women, men, jealousy, happiness, beauty, morality, and history

A comprehensive guide to the strategies and initiatives of legendary CEO Jack Welch In his two decades as CEO, Jack Welch's principles, strategies, and tenets transformed GE into one of history's most dynamic and valuable corporations. As a result, executives in all industries are now eager to hear Welch's every pronouncementand implement his strategies in their own organizations. The Jack Welch Lexicon of Leadership is the first alphabetically structured collection to place Welch's career in perspective, and trace the evolution of his key ideas and innovations. Intended to stand on its own as well as complement Welch's eagerly awaited upcoming memoir, this timely book provides readers with analysis and perspective on Six Sigmathe revolutionary program that "changed the DNA of GE"as well as dozens of other Welch concepts and initiatives (including Globalization, Work-Out, the E-Initiative, and others).
