Interventions to prevent self-harm: what does the evidence say? Self Harm and Borderline Personality Disorder - BPD Managing Self Harm Psychological Perspectives

Self-harm often arises at moments of despair or emotional intensity, and its reasons are not necessarily available to the conscious mind. Managing Self-Harm explores the meaning and impact of self-harm, and the sense in which it is a language of the body. It is designed to help clinicians, people who self-harm and their families and carers to understand its causes, meaning and treatment.
