~~Development For  
Language Learning~~

Abstract. This article reviews the literature on the relatively new field of materials development for language learning and teaching. It reports the origins and development

# Download File PDF Materials

of the field and then reviews the literature on the evaluation, adaptation, production and exploitation of learning materials. It also reviews the literature, first, on a number of controversial issues in the field, next, on electronic delivery of materials and, third, on research in materials development.
