A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales -- including more than 600 questions in the newest alternate item formats -- are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included.

This innovative book prepares students for the NCLEX-PN exam with thorough content review and 3,000 practice questions. Silvestri provides readers with information on NCLEX-PN preparation, test-taking strategies and the NCLEX-PN from students' perspectives. A free CD-ROM contains all 1,600 questions from the book plus 1,400 additional questions.

The World Health Organization has developed these Nurse Educator Core Competencies to enable educators to effectively contribute to the attainment of high quality education, and the production of effective, efficient and skilled nurses who are able to respond to the health needs of the populations they serve. This will enable the attainment of objectives one and two of the Global strategy on human resources for health: Workforce 2030 and is also a priority in the updated Global strategic directions on nursing and midwifery 2016-2020. The aim of this publication is to provide a clear outline of Nurse Educator Core Competencies and performance expectations, which can form the basis for developing a competence-based curriculum encompassing the cognitive, affective and psychomotor skills and behaviors expected of nurse teachers. The competencies are intended to help guide the educational preparation of nurse teachers; ensure educational quality and accountability; and, ultimately, contribute to improving the provision of nursing care and outcomes of health services. Much effort has gone into the preparation of the Nurse Educator Core Competencies. It is the aim of the World Health Organization that they will facilitate nurse educators to attain increased proficiency in assisting student nurses to acquire all the knowledge, skills and attitudes necessary to practice nursing effectively in the 21st century.

NCLEX-RN Practice Questions are the simplest way to prepare for the NCLEX-RN test. Practice is an essential part of preparing for a test and improving a test taker's chance of success. The best way to practice taking a test is by going through lots of practice test questions. Taking lots of practice tests helps ensure that you are not surprised or disappointed on your test day. Our NCLEX-RN Practice Questions give you the opportunity to test your knowledge on a set of questions. You can know everything that is going to be covered on the test and it will not do you any good on test day if you have not had a chance to practice. Repetition is a key to success and using practice test questions allows you to reinforce your strengths and improve your weaknesses. Detailed answer explanations are also included for each question. It may sound obvious, but you have to know which questions you missed (and more importantly why you missed them) to be able to avoid making the same mistakes again when you take the real test. That's why our NCLEX-RN Practice Questions include answer keys with detailed answer explanations. These in-depth answer explanations will allow you to better understand any questions that were difficult for you or that you needed more help to understand.

Prepare Early...Score Higher Completely revised and small enough to fit in a lab coat pocket, Neurology: PreTest Self Assessment and Review, 5/e features 500 questions, including 200 new in clinical vignette format, with answers and explanations.
