For the tension inherent in truly valid sacred music is the biblical tension of law &nd grace (not law =versus= grace). Too much of what passes for Christian music, whether chant, classical, folk or CCM, effectively turns grace into license and denies the Lord it claims to serve, in both words and music.

The role of music in worship is biblical. After escaping from the Egyptians and crossing the Red Sea, the people of Israel sang a song to the Lord (Exod. 15). Singing was part of Israel's formal worship in both tabernacle and temple (1 Chron. 6:31-32, 16:42).

Contemporary or traditional? Blended or seeker? Pop or "classical"? Chorus or hymn? Combo or organ? Questions concerning music in worship abound these days. Is there a practical way to deal with these issues? In Music and Ministry: A Biblical Counterpoint, Calvin Johansson looks to God's Word for principles foundational to music ministry. Weaving together great scriptural truths, he establishes the need for a "directional balance" between pastoral contextualization and prophetic purity. In a time of facile musical accommodation of the gospel to culture, Dr. Johansson suggests that a heightened concern for musical style and quality is in order-not for the sake of music, but for the sake of the gospel.

Strengthening Music Ministry in the Evangelical Church Drawing upon a wealth of experience and years of fieldwork, author Calvin Johansson sets forth detailed suggestions and practical ideas for growing the ministry of music in the local church. He offers readers a unique perspective on music's role, disassociated from text, in Christian formation and worship. Written in two parts, the first (Practices) is concerned with the hands-on operation of a church music program. The second (Rationale) presents biblical fundamentals helpful in making musical choices.

What is the role of music in the twenty-first century church--and what should it be? Johansson examines this and other crucial questions concerning church music and offers "redirection" for the function of music ministry in the life of the modern church.

A guide for those in Contemporary Christian Music or those who wish to be... It seems that every Christian musician has to recreate the wheel concerning fundamental issues which are common to all of us. If you are a Christian and a musician does that mean that God wants you playing Christian music somewhere Should all music performed by Christians fall within the guidelines of ministry What responsibilities and priorities are appropriate for those who wish to minister through music How do you deal with the inevitable artistic, ego, and authority issues within the guidelines of ministry If we're successful, how do we juggle fame and money without corrupting or compromising our ministry Is it even possible Does the Bible say anything about it These are some of the questions which I hope to address here.

Something about the lyrics of many of the hit contemporary Christian worship songs is at best problematic for many clergy persons in mainline denominations. Sometimes the songs are downright offensive theologically to the pastor. Often the problem is rooted in a theological nuance or doctrine that the pastor does not embrace. Sometimes these contemporary worship songs use too many Christian buzz words or clichés-words or phrases that the pastor deliberately avoids in every other aspect of the liturgy. Often the problem is that the new songs show no sensitivity at all to things like "inclusive language" or the theological challenges of doctrines like "penal substitutionary atonement." Sometimes the pastors feel that most of these new songs lack substance, that they're too sugary, too individualistic, and too other-worldly. Sometimes there's an emotional tone to this contemporary worship music that might work well in another kind of church but which just doesn't feel authentic in a traditional or mainline congregation. Now I would imagine that at least some of you began to glaze over a bit as you attempted to read those last few paragraphs. Or maybe you didn't fully understand some of the terms I just used. If so, don't worry-that's why I wrote this book! If you have no idea what things like "penal substitutionary atonement" or "inclusive language" are about, this book will help you understand what these terms mean and why it's important to your pastors for you to know your way around these issues and concepts a bit as you seek new songs to bring into the worship life of your congregation. And I promise--I'll do my best to use down-to-earth language that you'll be able to easily understand without a seminary education!
