Now, in addition to the classic strips, Berkeley Breathed also brings us never-before-collected Bloom County cartoons and original all-new material from his Opus comics. Brace yourself for the sidesplitting, table-pounding, milk-through-the-nose-spewing laughter that only Opus and his outlandish friends can generate. Do Right, Fear Nothing. Sam Hopkins is a good kid who has fallen in with the wrong crowd. Hanging around with car thieves and thugs, Sam knows it's only a matter of time before he makes one bad decision too many and gets into real trouble. But one day, Sam sees these friends harassing an eccentric schoolmate named Jennifer. Finding the courage to face the bullies down, Sam loses a bad set of friends and acquires a very strange new one. Jennifer is not just eccentric. To Sam, she seems downright crazy. She has terrifying hallucinations involving demons, the devil, and death. And here's the really crazy part: Sam is beginning to suspect that these visions may actually be prophecies—prophecies of something terrible that's going to happen very soon. Unless he can stop it. With no one to believe him, with

no one to help him, Sam is all alone in a race against time. Finding the truth before disaster strikes is going to be both crazy and very, very dangerous. "The adrenaline-charged action will keep you totally immersed." -RT Book Reviews

The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this

approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues.
