cultural history and in the development of West Coast modernism in general.

## *Arts & Architecture - Wikipedia*

One of the important innovations of the “Is Architecture Art?” project is to consider the popularity of exhibiting architecture as art, and the rapid increase in interdisciplinary practice between architecture and the visual arts, as part of a larger cultural development in which architecture has also become an exemplar of a “creative industry,” a form of cultural production that is at home in the commercial economy and thus a rebuke

and vice versa, to reveal the convergences, differences and potentialities. A fascinating read.

*Art and Architecture: a Place Between:*  
*Amazon.co.uk ...*

Art and architecture have a deep connection that unites them through their design, their designer, and their individual meanings. Both are created using the same organizing principles, the same visual elements, and the same engagement of the senses. Art and architecture both have meaning. They are simultaneously expressive and communicative.
