As a young soldier, Vice President Embry Moore learned the bittersweet truth about loving a hero: it can never last. Having made sacrifice after silent sacrifice to protect the best man he's ever known, he's only just now found his way back into Ash's arms--and into the heart of Ash's wife, Greer. But when Greer is taken from Ash and Embry's bed, it sets in motion a series of painful revelations that threaten to turn their years of tortured love against them... From the USA Today bestselling author of American Queen comes the second installment in the New Camelot trilogy, a contemporary fairy tale of power, pain, and an all-consuming love that won't be denied.

In January 1, 1885, Wells, Fargo & Company's chief detective James B. Hume and special agent John N. Thacker published a report summarizing the company's losses during the previous 14 years. It listed 313 stagecoach robberies, 23 burglaries, and four train robberies but included little or no details of the events themselves, focusing instead on physical descriptions of the robbers. Widely circulated, the report was intended to assist law enforcement in identifying and apprehending the criminals believed still to present a danger to the company. The present volume revisits each crime, updating Hume and Thacker's original report with rich new details culled from local newspapers, personal diary entries, and court records.
