Equipment ...

The Gradall telescoping tilting boom tilts 220 degrees, and a load-sensing high-pressure hydraulics system adjusts automatically when switching from high-production digging to finishing work. The boom telescopes to 33 feet 11 inches at ground line, and digs to 25 feet 4 inches deep. A new counterweight design shortens the rear swing. The track uses triple grouser pads, with widths of 800 or
