Antimicrobial Susceptibility Testing

In January of each year, CLSI publishes a new edition of its most widely used AST standard, Performance Standards for Antimicrobial Susceptibility Testing, also known as M100.3. When clinical microbiologists examine bacterial cultures, they first identify the organism or organisms likely contributing to a patient's infection.

Application of Antimicrobial Susceptibility Testing ...

The comparison of EUCAST 2016 guidelines for

Get Free Performance Standards For Antimicrobial Susceptibility Testing Twenty
