When New York Times bestselling author and comedian Jim Norton isn't paying for massages with happy endings, or pretending to be fooled by transsexuals he picks up, he spends his time wondering what certain people would look like on fire... What do Heather Mills, the Reverend Al Sharpton, and Dr. Phil have in common? Jim Norton hates their guts. And he probably hates yours, too, especially if you're a New York Yankee, Starbucks employee, or Steve Martin. In thirty-five hilarious essays, New York Times bestselling author and comedian Jim Norton spews bile on the people he loathes. Enjoy his blistering attacks on Derek Jeter, Hillary Clinton, fatso Al Roker, and mush-mouthed Jesse Jackson. It's utterly hilarious -- and utterly relatable if you've ever bitten a stranger's face or thrown a bottle through the TV screen while watching the news. But don't think Jim just dishes loads of shit on his self-proclaimed enemies; he is equally atrocious to himself. He savages himself for his humiliating days as a white homeboy, his balletlike spins in the outfield during a little league game, and his embarrassingly botched attempt at a celebrity shout-out while taping his new HBO stand-up series. Uncomfortably honest, I Hate Your Guts is probably the best example of emotional vomiting you'll ever read. But there is hope: at the end of each essay, Jim generously offers helpful suggestions as to how the offender can make things right again: Eliot Spitzer: If you run for re-election, instead of shaking hands with voters, let them smell your fingers. Reverend Al Sharpton: The next time you feel the need to protest, do so dressed as an elk in Ted Nugent's backyard. Hillary Clinton: When you absolutely must make a point of laughing publicly, don't fake it. Just think of something that genuinely makes you laugh, like lowering taxes or any random male having his penis cut off. For the legions of devoted fans who know Jim Norton for his raw, sometimes brutal comedy, I Hate Your Guts is what you've been waiting for. But even more important -- it's a great book to read while taking a shit.

The popular stand-up comedian offers an offbeat, frequently raunchy memoir of his life, in which he shares his affinity for hookers, the time he stalked Black Sabbath and Alan Alda, his experiences with Opie and Anthony, his arrest on the infamous Voyeur Bus, and other controversial events. Reprint.

The comedian and radio personality discusses his drug addiction, battle with depression, and ultimate recovery.

A rant-ish memoir by the veteran stand-up comedian and former cohost of That Metal Show, with a foreword by Jim Norton Twitter Trolls. Facebook Freaks. Instagram Exhibitionists. These are just a few of the creatures our technology-obsessed culture has spawned in its quest to simplify our lives. The madness is so universal now that everyone has dealt with it. You log in to Facebook, read a stupid post, and immediately want to tell your "friend" to go have relations with himself. Sure, social media may keep us connected, but it is a breeding ground for idiots, and these idiots have crowd-sourced a storm of useless information, corny jokes, and douchebag drama that's wasting our time and screwing with our peace of mind. Thankfully, popular comedian and television host Jim Florentine has a solution for those of us on the verge of bashing our iPhones to bits. In Everybody Is Awful, Florentine attacks awful people and awful situations with the same biting satire and cringe-worthy humor that made him famous on television shows like Crank Yankers, Meet the Creeps, and That Metal Show. Along the way, Everybody Is Awful takes readers through the author's formative years, a time filled with rebellion and horrible behavior, to the crazy early days of his career as a stand-up comedian. Florentine also recounts how he developed an obsession with pranks that morphed into his uniquely vigilante style of comedy and made him one of the most legendary prank callers of all time. Florentine excels at channeling the core rage we all feel at the seemingly small annoyances of life, and his fans love the cathartic experience of his hilarious ranting and raving, a tradition continued in Everybody Is Awful. Acting as a de facto therapist, Florentine diagnoses awful behavior, shames awful people, and offers comedic takes on how to reclaim our lives from it all.

In Colin Quinn's new book, the popular comedian, social commentator, and star of the shows Red State Blue State and Unconstitutional tackles the condition of our union today. Utah: The Church of States Vermont: The Old Hippie State Florida: The Hot Mess State Arizona: The Instagram Model State Wisconsin: The Diet Starts Tomorrow State The United States is in a fifty-states-wide couples▯ counseling session, thinking about filing for divorce. But is that really what we want? Can a nation composed of states that are so different possibly hang together? Colin Quinn, comedian, social commentator, and writer and star of Red State Blue State and Unconstitutional, calls us out state-by-state, from Connecticut to Hawaii. He identifies the hypocrisies inherent in what we claim to believe and what we actually do. Within a framework of big-picture thinking about systems of government▯after all, how would you put this country together if you started from scratch today?▯to dead-on observations about the quirks and vibes of the citizens in each region, Overstated skewers us all: red, blue, and purple. It's ultimately infused with the same blend of optimism and practicality that sparked the U.S. into being.

From his early days videotaping crazy skateboard stunts to starring in the Jackass movies, there was little that Stephen "Steve-O" Glover wouldn't do. Whether it was stapling his nutsack to his leg or diving into a pool full of elephant crap, almost nothing was out of bounds. As the stunts got crazier, his life kept pace. He developed a crippling addiction to drugs and alcohol, and an obsession with his own celebrity that proved nearly as dangerous. Only an intervention and a visit to a psychiatric ward saved his life. Today he has been clean and sober for more than three years. Professional Idiot recounts the lunacy, the debauchery, the stunts, the drug addiction, and the path to recovery with bravado, humor, and heart. "It's mind-blowing to me how utterly far gone Steve-O was, and how he looks back on it in this book with such intelligence, humor, and searing honesty. What a truly unbelievable life."-- Johnny Knoxville "A great book to read before you get on the roller coaster to hell, if you plan on surviving to tell about it like Steve-O did."--Nikki Sixx, author of The Heroin Diaries "This is the perfect book for people who hate reading."--Tommy Lee, author of Tommyland The feedback I've gotten on Facebook and Twitter from those of you who've read this book has been fascinating, heartwarming, and hilarious. I'm happy to keep answering your questions on there, and I encourage more of you to join in the discussion. Hope to hear from you soon, and thank you all so much. Love,Steve-O

Whether WWE fans love him or hate him, Roman Reigns is a force to be reckoned with as a sports entertainer. From retiring the legendary Undertaker at Wrestlemania to winning the 2015 Royal Rumble, Roman Reigns, or Joe Anoa'i, is sure to draw readers interested in his rapid rise in the WWE. The story of his family connections in the wrestling business and his thwarted attempt at NFL stardom are all covered in the accessible, interesting main text. Full-color photographs add Anoa'i's dominating presence to each page.
