A new guide designed to ensure confident prescribing in specialist areas. The need for this text stems from the necessity to develop non-medical prescribing in practice. It offers a resource for all non-medical prescribers including nurses, pharmacists, optometrists, physiotherapists and other healthcare professionals who desire to become supplementary or independent prescribers in their field. The book is divided into two comprehensive sections and provides an overview of non-medical prescribing by healthcare professionals other than doctors.

Pharmacology Test Prep is an outstanding collection of 1500 clinical multiple-choice questions written according to USMLE guidelines and classified by learning objective and difficulty. The questions and answers in this book cover all the areas that are included in topic-based and organ system-based courses in the first two years of medical school. This book provides medical students preparing to take the USMLE with a thorough review of pharmacology concepts and is an excellent review book for those needing to brush up on pharmacology for their rotations.
