The Planet Construction Kit: Amazon.co.uk: Rosenfelder ...

This book follows the model of Rosenfelder's Language Construction Kit; it's basically a worldbuilding reference guide meant to help writers, GMs, and other creators. I bought it mostly for the portion literally referred to in the title: the physics of designing a planet with proper geological, meteorological and astronomical details.

The Planet Construction Kit by Mark Rosenfelder

Even if you are not interested in planet construction, you will likely enjoy how Rosenfelder leaps from one aspect of study to another. This book covers biology, religion, plate tectonics, magic, war, clothing, and lots of topics that define how life is in different Terran cultures. That alone makes it worthwhile. Anyway, this won't do the work for you, but it will make the work you do better ...
