"What a gift to new and expecting moms. You have no idea the mountain and rollercoaster you're about to embark on, but Nurture somehow gives you a peek in and gives you essential information to help ground you." – Catherine McCord, founder of Weelicious and One Potato A comprehensive and judgement-free pregnancy companion: Nurture is the only all-in-one pregnancy and birthing book for modern mothers-to-be and their partners who want a more integrative approach. Author Erica Chidi Cohen has assisted countless births and helped hundreds of families ease into their new roles through her work as a doula. Nurture covers everything from the beginning months of pregnancy to the baby's first weeks. This empowering book includes:

- Supportive self-care and mindfulness exercises, trimester-specific holistic remedies, nourishing foods and recipes for every month of pregnancy, and expert tips for every birth environment.
- More than 40 charming and helpful illustrations, charts, and lists can be found throughout.
- Dozens of important topics that every modern mom needs to know including fetal development, making choices for a hospital, home or birth center birth, the basics of breastfeeding, tips on what to

expect postpartum, and more. Nurture is an all-inclusive pregnancy and birthing guide book that gives soon-to-be mothers and their partners the information they need to make decisions, feel confident, and enjoy the beauty of creating new life. Nurture is a thoughtful and helpful gift for expecting mothers and their partners. Erica Chidi is co-founder and CEO of Loom in Los Angeles, CA. She began her work in San Francisco, volunteering as a doula within the prison system, working with pregnant inmates. She went on to build a successful doula and health education practice in Los Angeles and has been featured in Women's Health, Vogue, Goop, The Cut and Marie Claire.

Presents a comprehensive guide to childbirth and delivery, providing the complete process for seven birthing plans, from home birth to C-sections, and includes trimester schedules to help choose the best individual birth experience.

Within the continuum of reproductive health care, antenatal care provides a platform for important health-care functions, including health promotion, screening and diagnosis, and disease prevention. It has been established that, by implementing timely and appropriate evidence-based practices, antenatal care can save lives. Endorsed by the United Nations Secretary-General, this is a comprehensive WHO

guideline on routine antenatal care for pregnant women and adolescent girls. It aims to complement existing WHO guidelines on the management of specific pregnancy-related complications. The guidance captures the complex nature of the antenatal care issues surrounding healthcare practices and delivery, and prioritizes person-centered health and well-being --- not only the prevention of death and morbidity --- in accordance with a human rights-based approach.

This comprehensive account of the deadliest Ebola outbreak in history examines its devastating effects on West Africa ' s most vulnerable populations: pregnant women and children. Noted experts across disciplines assess health care systems ' responses to the epidemic in Liberia, Guinea, and Sierra Leone, emphasizing key areas such as pregnancy, prenatal services, childbirth, neonatal care, and survivor health among pregnant and non-pregnant women. The 30 chapters hone in on gender-based social issues exacerbated during the outbreak, from violence against women and girls to barriers to female education. At the same time, chapters pinpoint numerous areas for service delivery and policy improvements for more coordinated, effective, and humane actions during future pandemics. A sampling of the topics: Ebola virus disease: perinatal transmission and epidemiology Comprehensive clinical care for children with Ebola virus disease Maternal and reproductive rights: Ebola and the law in Liberia Ebola-related complications for maternal, newborn, and child health service delivery and utilization in Guinea The Ebola epidemic halted female genital cutting in Sierra Leone—temporarily Maternity care for Ebola at M é decins
