Since 9/11, business and industry has paid close attention to security within their own organizations. In fact, at no other time in modern history has business and industry been more concerned with security issues. A new concern for security measures to combat potential terrorism, sabotage, theft and disruption -- which could bring any business to it's knees -- has swept the nation. This has opened up a huge opportunity for private investigators and security professionals as consultants. Many retiring law enforcement and security management professionals look to
