But sociology can do more than simply help to locate you or others in this simple sense of describing the places of different social groups. As C.Wright Mills, a well-known American sociologist has written, sociology can help you to map the links and connections between “ personal troubles ” and “ social issues ” . By personal troubles Mills means the kinds of individual worries,

reference for postgraduate students and aspirants appearing for various competitive examinations.

The revision comes 10 years after the first edition and completely overhauls the text not only in terms of look and feel but also content which is now contemporary while also being timeless. A large number of words are explained with the help of examples and their lineage which helps the reader understand their individual usage and the ways to use them on the correct occasion.

reflected in its social problems. This book covers social problems which are general in nature and common to the whole nation such as population problem, poverty, unemployment, child labour, urbanization, youth unrest, problems of the aged, family disorganization, corruption, crime and delinquency, etc. This book is prepared mainly to cater to the needs of the undergraduate and postgraduate students. Most of the universities in India have prescribed one paper on 'Indian Social Problems' either at the undergraduate or postgraduate level. The book also covers topics that are included in the syllabi of IAS, NET, SLET, KAS and other national- and state-level competitive examinations. It also contains lessons that form part of MBA, nursing and fiveyear law

courses. Such students and examinees will definitely find the book highly helpful.

The bravest and most successful attempt yet to bring what is happening in academic sociology to the A-level market.' - Tony Breslin, Times Educational Supplement

Mastering Modern European History traces the development of Europe from the French Revolution to the present day. Political, diplomatic and socio-economic strands are woven together and supported by a wide range of pictures, maps, graphs and questions. Documentary extracts are included throughout to encourage the reader to question the nature and value of various types of historical evidence. The second edition brings
