Sour Sweet Summary - eNotes.com
Sour Sweet (1982) – Timothy MO. When Timothy Mo’s new book, Pure, came out last year, I was intrigued by its premise. Doing some more research on him, I discovered that he had actually been shortlisted for the Man Booker several times in the 80s, and yet none of his books are still available through a major publisher.

Sour Sweet (1982) – Timothy MO | A Novel Approach
Mo has a good sense of humor and a heart-warming way with characters. This tale of a Chinese family in England is at times a good series of lessons on Chinese culture. Somewhat clumsily (at times) juxtaposing triad gang strife with the struggle of a family to succeed, Mo weaves a story that is fun to read. Mo is a master craftsman of dialogue.

Sour Sweet | Encyclopedia.com
In his second novel, Sour Sweet (1982), Mr. Mo is still concerned with Confucianism and its central tenant, that family relations (xiao, filial deference) are paradigmatic for all subsequent social relations and that human values are first experienced and most deeply explored in the context of family life. Mr. Mo's concern in his first novel was to clarify this as the continuing foundation on which Chinese culture rests as it experiences the onrush of Western, modern culture and to ...

CONFUCIANISM IN TIMOTHY MO'S SOUR SWEET
Sour Sweet is a less optimistic, more mature work than The Monkey King and remains for many the quintessential Mo novel, securing his reputation as a writer.Mo's next two novels, An Insular Possession (1986) and The Redundancy of Courage (1991), represent some of the author’s most ambitious and experimental work to date, and it is a shame that they have not received the same critical attention as Booker shortlisted Sour Sweet. An Insular Possession is perhaps Mo's least ‘insular’ ...

A new Paddleless Press edition of Timothy Mo's classic novel. Set primarily in Hong Kong, it tells the story of the relationship between a Cantonese family, the Poons, and Wallace Nolasco, a young man of Portuguese descent, who marries into the family only to find that they are not as wealthy as local gossip had given him to believe.

This study explores the interconnections of the British, Chinese, and trans-ethnic and trans-national aspects of Mo's imagination. It deals with his artistry as well as his controversial statements and actions in the public domain.

In this outstanding collection of essays, editors Neil Murphy and Wai-chew Sim seek not so much to demarcate the field of British Asian fiction, but to offer due acknowledgment of the artistic merit of the works of selected authors and simultaneously register their cultural significance. This volume demonstrates in situ the virtues of commentary that engages in a substantial manner with formal and aesthetic considerations, even as it implicates the discourses of alterity that dominate contemporary cultural criticism. Additionally, the essays delineate the complex subject positions explored by authors and texts, and focus on the way writers negotiate the exigencies of their location within and between different social formations. If it is the case that British literature can no longer be discussed in monocultural terms because of the impact of the writers under consideration, it is also the case that the diverse trans-cultural positions they explore are often less specified than proclaimed. Addressing difference, commensurability, and form-related notions of truth-content, these essays enlarge our understanding of the range of British (and affiliated) identities, as well as the cultural contexts from which they arose. Working as academics and critics from Singapore, a useful vantage point, Murphy and Sim have extended the parameters of British Asian to include, not just writers from South Asia as is traditionally the case, but writers whose parents, or who themselves, have migrated to Britain from other regions of Asia, for example, Japan, Hong Kong, and Malaysia. This initiative has made it possible for professors Murphy and Sim to bring together, first, an interestingly varied group of authors, among them those who came to prominence in the 1980s Salman Rushdie, Timothy Mo, Kazuo Ishiguro as well as their younger contemporaries Meera Syal, Romesh Gunesequera, Monica Ali, Hari Kunzru, Ooi Yang-May; and, second, a broad and diverse range of novels that span Timothy Mo s Sour Sweet (1982) and Tariq Ali s A Sultan in Palermo (2005), the fourth volume in his Islam quintet."

Rey Castro belongs to a small but highly, distinctive tribe: he is a black Amerasian. Born,in destitution in the Philippines to a bar girl,mother, he is fortunate enough to be taken under,the wing of an eccentric Jesuit. However, fate,takes a hand when he is made the scapegoat for a,crime he did not commit and is forced into,semi-slavery overseas. Adventure piles on,adventure in old-fashioned style but Timothy Mo's,sixth novel is both traditional and devastatingly,contemporary. Characters real enough to touch, dry,wit, and unique style are all here.
