In these elegant, short essays, revered nature writer Richard Mabey attempts to marry a Romantic's view of the natural world with that of the meticulous observations of the scientist. By Romanticism, he refers to the view that nature isn't a machine to be dissected, but a community of which we, the observers, are inextricably part. And that our feelings about that community are a

Manuqo Dingu perfectly proper subject for reflection, because they shape our relationship with it. Scientists eshew such a subjective response, wanting to witness the natural world exactly, whatever feelings subsequently follow. Our feelings are an extension of our senses - sight, taste, smell, touch and sound - and here, in a sextet of inspiring meditations, Mabey explores each sensory response in what it means to interact with nature. From birdsong to poetry, from Petri-dish to microscope, this is a joyful union of meandering thoughts and intimate memories.

This comprehensive study of local politics in Russia shows that the key reforms of local government, and the struggle to forge viable grassroots democracies have been inextricably

linked to the wider struggle for power between the regions and the Kremlin, and to the specific nature of Russia ' s highly politicized and negotiated form of asymmetrical federalism. During the Yeltsin era all attempts to create a universal and uniform system of local-self-government in the federation were a failure. Under the protection of their constitutions and charters, and the extra-constitutional rights and powers granted to them in special bilateral treaties, regional leaders, particularly in Russia ' s 21 ethnic republics were able to instigate highly authoritarian regimes and to thwart the implementation key local government reforms. Thus, by the end of the Yeltsin era the number of municipalities, their type, status and powers, varied tremendously from region to region. Putin ' s local

# File Type PDF Tatalo Faafetai Faatoesega

government reforms also need to be viewed as an integral component of his wider centralizing political agenda, and his assault on the principles and practices of federalism. With the instigation of his ‘ dictatorship of law ’ and ‘ power vertical ’ , Putin has thwarted the development of grassroots democracy and overseen the creation of local ‘ electoral authoritarian ’ regimes. Putin ’ s new system of local self-government marks a victory for the proponents of the ‘ statist concept ’ of local self-government over those who championed the ‘ societal concept ’ , codified in Article 12 of the Russian Constitution. Overall, this book is an important resource for anyone seeking to understand politics in Putin ’ s Russia.

In 2011 the world's population exceeded 7 billion. Each year we add nearly 80 million people and by mid-century we will require twice as much food and double the energy we use today. Australia will be deeply affected by these trends - we have the fastest growing population of any developed nation. These are the staggering facts that confronted Dick Smith. They set him on his crusade to alert us to the dangers of unsustainable growth. They are the facts that have convinced him that if we are to ensure the survival of our civilisation and the health of the planet then we must put a stop to population growth, now. As our cities continue their unrestrained growth, as we battle daily on crowded public transport and clogged freeways, and as we confront the reality of water

and power shortages, Dick challenges the long-held myth that growth is good for us. But more importantly he offers ways for us to re-invent our economy, to reassess the way we live and to at least slow down that ticking clock. This is a provocative, powerful and urgent call to arms.

Palemia tells the story of how a boy from an isolated village grew up to become Prime Minister of Samoa. It follows his journey from Lepa to Apia, Wellington, Brussels, Singapore, Beijing, Tokyo, London, New York and many other international destinations, always returning to Lepa and the Fa'asamoa that shaped him. Tuila'epa Sa'ilele Malielegaoi is Samoa's longest-serving Prime Minister. His premiership has been marked by political and economic crises, natural

disasters, regional tensions and local challenges. Tuila'epa's political career started during turbulent times but has resulted in an unprecedented period of political stability and economic development through his leadership in modernising the economy, improving education and health and reducing poverty in Samoa. Palemia captures the voice, documents the life, and places in context a record of the most significant Samoan political leader of this generation, and contains many useful insights into the social, cultural and economic development of Samoa and the wider Pacific region. 'In collaboration with Peter Swain, a superb conveyer of information, Tuila'epa narrates his entry into politics and his rise to power. The book is a fascinating biography and provides a stimulating, thoughtful,

original and authoritative perspective on Samoan political life - from the inside.' --Professor Stephen Levine.

In this remarkable study of over 2,200 female and male saints, Jane Schulenburg explores women's status and experience in early medieval society and in the Church by examining factors such as family wealth and power, patronage, monasticism, virginity, and motherhood. The result is a unique depiction of the lives of these strong, creative, independent-minded women who achieved a visibility in their society that led to recognition of sanctity. "A tremendous piece of

scholarship. . . This journey through more than 2,000 saints is anything but dull. Along the way, Schulenburg informs our ideas regarding the role of saints in the medieval psyche, gender-specific identification, and the heroics of virginity." —Library Journal "[This book] will be a kind of 'roots' experience for some readers. They will hear the voices, haunted and haunting, of their distant ancestors and understand more about themselves." —Christian Science Monitor "This fascinating book reaches far beyond the history of Christianity to recreate the 'herstory' of a whole gender." —Kate Saunders, The Independent

Interview, only to be rescued by a masked vampire who calls himself the Red Devil. Then a wallflower-turned-witch curses her, making her a bloodthirsty, sun-allergic nightwalker--the worst vampire there is. As Sarah's nightwalker tendencies make her more dangerous, even to those she loves, she'll have to counteract that curse, unmask the increasingly intriguing Red Devil, and get a commitment from her man.
