Angevin Empire - Wikipedia

Angevin empire, the territories, extending in the latter part of the 12th century from Scotland to the Pyrenees, that were ruled by the English king Henry II and his immediate successors, Richard I and John; they were called the Angevin kings because Henry's father was count of Anjou. Henry acquired most of his continental possessions before becoming king of England.

The Angevin Empire at its greatest extent stretched from the Scottish border to the Pyrenees. It was ruled by a succession of princes - Henry II, Richard I, John - who could claim to be the most powerful rulers in western Europe. For fifty years it was the dominant political entity and 'English' and 'French' history were inextricably woven together.

The Angevin Empire: Amazon.co.uk: Gillingham, John ...

The Angevin Empire was born out of a chaotic civil war fought between the supporters of Stephen and those of Henry's mother, the Empress Matilda. It came to an end in a similar fashion. John lost most of his lands in France to the French king between 1204 and 1212.

The Rise & Fall of the Angevin Empire - by Richard ...

The term Angevin Empire is a modern term describing the collection of states once ruled by the Angevins of the House of Plantagenet. The Plantagenets ruled over an area stretching from the Pyrenees to Ireland during the 12th and early 13th centuries, located north of the kingdoms of Navarre and Aragon.

Angevin Empire | Military Wiki | Fandom

The last of the Angevin kings was John, whom history has judged harshly. By 1205, six years into his reign, only a fragment of the vast Angevin empire acquired by Henry II remained. John quarrelled with the Pope over the appointment of the Archbishop of Canterbury, eventually surrendering.

The Angevins | The Royal Family

At its greatest extent, the Angevin Empire stretched from the Scottish border to the Pyrenees. For fifty years it was the dominant political entity and "English" and "French" history were inextricably woven together. This study looks at how these disparate territories came together, how theywere ruled, and whether they truly constituted an empire.

Angevin Empire - Maison de France

The principle objective is to unite a group of scholars in the shared inter-disciplinary and cross-cultural endeavour to study the phenomenon of empire through the prism of the medieval Angevin Empire and shift the paradigms that currently dominate the field.

At its greatest extent, the Angevin Empire stretched from the Scottish border to the Pyrenees. For fifty years it was the dominant political entity and "English" and "French" history were inextricably woven together. This study looks at how these disparate territories came together, how they were ruled, and whether they truly constituted an empire. The new edition of this groundbreaking work has been thoroughly revised and features two new chapters.

This work lends a wonderfully-comprehensive look at the Angevin Empire, which consists of the reigns of Henry II, Richard I and John from 1154 to 1216. The book documents well the difficult family dynamics that led to war within the family for many years. This volume also features detailed maps and illustrations pertaining to the kings' reigns and the Crusades.

From their small county in the heart of France, the lords of Anjou - the Angevins - produced dynasties that became kings of Jerusalem, England, Sicily, Hungary and Poland from 900 - 1500. They were described by a contemporary as 'lords of the greater part of the world'. Here is their extraordinary story, including figures such as Geoffrey Plantagenet, Empress Matilda, Eleanor of Aquitaine, Charles of Anjou, Queen Johanna of Naples, Louis the Great of Hungary and Saint Jadwiga of Poland.A history of one of the most dynamic families of medieval Europe - the Angevins.A reference for those interested in medieval history; students, academics, historians and enthusiasts for the era.Includes historical figures such as Geoffrey Plantagenet, Empress Matilda, Richard the Lionheart and Louis the Great of Hungary.Contains two plate sections with colour and black & white photographs.Jeffrey Anderson has an MA in medieval history from Durham University and an MA in history from the University of Michigan.

The rule of the Angevins in Brittany is characterized usually as opening an isolated 'Celtic' society to a wider world and imposing new and alien institutions. This study of Brittany under the Angevins, first published in 2000, demonstrates that the opposite is true: that before the advent of Henry II in 1158, the Bretons were already active participants in Anglo-Norman and French society. Indeed those Bretons with landholdings in England, Normandy and Anjou were already accustomed to Angevin rule. The book examines in detail the means by which Henry II gained sovereignty over Brittany and how it was governed subsequently by the Angevin kings of England from 1158 to 1203. In particular, it examines the extent to which the Angevins ruled Brittany directly, or delegated authority either to native dukes or royal ministers and shows that in this respect the nature of Angevin rule changed and evolved over the period.

"This intriguing book tells the story of this great medieval era and the dynasty at its heart in an entirely new way. Departing from the usual king-centric, high-politics perspective, Richard Huscroft instead centres each of his chapters on the experiences of a particular man or woman who contributed to the broad sweep of events ... This irresistible book deftly weaves together remarkable life-stories to illuminate anew the key themes of this exciting and formative era".--Rabat de la jacquette.

Henry II and the Angevin Empire (1154-1189): A Study guide for A Level. This study guide will assist you in your AS/A Level studies of Medieval History; the reign of King Henry II and the Angevin Empire, a period of study that focuses on the years 1154-1189. Henry II is a monarch that deserves study. He greatly transformed and expanded the power of kings in England and made the English throne prominent throughout Europe. His methods and policies helped England to rapidly recover from the period of Anarchy that plagued the reign of his immediate predecessor on the English throne. Henry II reigned as king of England for almost thirty five years. Henry II established a dynasty, what many would call the Plantagenets; that would rule England for over two hundred years. This study guide has been written to provide a rewarding experience for those who are, or are interested in studying Medieval History. In particular, this study guide will assist you in understanding and examining the subject matter of the reign of Henry II and the Angevin Empire. This A Level study guide has been organised in such a way so as to help an A Level student of medieval history more easily understand the life and career of Henry II and also to correspond to the major topic areas identified by the major examination boards. This guide will help you to explore how Henry II came to power, his relationships with the French kings Louis VII and Philip Augustus as well as his relationships with his wife Eleanor of Aquitaine and their sons Henry the Young King, Richard, Geoffrey and John. This guide will also help you to understand the reforms and methods of control used by Henry II in securing his lands and help you to explore his relationship with the church, in particular with Thomas Becket and the Popes. Henry II's rise was rapid, even meteoric, and his final years also witnessed a rapid decline.

First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Excerpt from The Angevin Empire, Vol. 3: Or the Three Reigns of Henry II, Richard I, and John (A. D. 1154-1216) 0 apology seems to be needed for giving to the public a further instalment of my work. I trust that I may again get credit for a verified and consecutive narrative, acceptable to those who ask for facts rather than impressions, and who wish for facilities for forming independent judgments. I continue to give particular attention to chronology. Without sequence events lose half their meaning; the logic of facts cannot be seen until they are placed in the order in which they happened. The political thread is still necessarily the leading one, and the King the central figure round which events have to be grouped; but I have endeavoured as far as possible to bring to light other sides of the national life. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
