Diary, form of autobiographical writing, a regularly kept record of the diarist ' s activities and reflections. Written primarily for the writer ' s use alone, the diary has a frankness that is unlike writing done for publication. Its ancient lineage is indicated by the existence of the term in Latin, diarium, itself derived from dies (" day ").

The Diary of a Young Girl, also known as The Diary of Anne Frank, is a book of the writings from the Dutch language diary kept by Anne Frank while In 1942, with zis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. The family was apprehended in 1944, and Anne Frank died of typhus in the Bergen-Belsen concentration camp in 1945. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fasciting commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short. The diary was retrieved by Miep Gies, who gave it to Anne's father, Otto Frank, the family's only known survivor, just after the war was over. The diary has since been published in more than 60 languages.

Diaries to an English Professor is a poignant study of the journals that students have written in Jeffrey Berman's college class on literature and psychoanalysis over the course of fifteen years. Introspective and ungraded, the diaries offer a unique glimpse into the personal world of students' lives. Again and again, they turn to similar struggles, including eating disorders, divorce, sexual activity, suicide, and interactions with others. The power of the book lies in the students' voices: articulate, honest, often eloquent. Berman's thesis is that by writing weekly diaries and hearing a few of these entries read anonymously to the class, students are often able to experience breakthroughs in aspects of their own lives they rarely discuss. Contrary to the fears expressed by a number of educators, the author demonstrates how, with proper safeguards, the classroom can be an appropriate opportunity for personal as well as intellectual growth and self-discovery.

Reading the Early Modern Diary traces the historical genealogy, formal characteristics, and shifting cultural uses of the early modern English diary. It explores the possibilities and limitations the genre held for the self-expression of a writer at a time which considerably pre-dated the Romantic cult of the individual self. The book analyzes the connections between genre and self-articulation: How could the diary come to be associated with emotional self-expression given the tedium and repetitiveness of its early seventeenth-

century ancestors? How did what were once mere lists of daily events evolve into narrative representations of inner emotions? What did it mean to write on a daily basis, when the proper use of time was a heavily contested issue? Reading the Early Modern Diary addresses these questions and develops new theoretical frameworks for discussing interiority and affect in early modern autobiographical texts.

The hilarious and pubescent debut book from your favourite British Muslim comedian (that's Tez Ilyas, by the way) is coming to a shop near you. You may know and love Tez from his stand-up comedy, his role as Eight in *Man Like Mobeen*, his Radio 4 series *TEZ Talks*, or panel shows such as *Mock the Week* and *The Last Leg*. Where you won't know him from is 1997 when he was 13 3/4. (But now you will - because that's what the book is about.) In this suitably dramatic rollercoaster of a teenage memoir, Tez takes us back to where it all began: a working class, insular British Asian Muslim community in his hometown of post-Thatcher Blackburn. Meet Ammi (Mum), Baji Rosey (the older sister), Shibz (the fashionable cousin), Was (the cool cousin), Shiry (the cleverest cousin) and a community with the most creative nicknames this side of *Top Gun*. Running away from shotgun-wielding farmers, successfully dodging arranged marriages, getting mugged, having front row seats to race riots and achieving formative sexual experiences doing stomach crunches in a gym, you could say life was fairly run of the mill. But with a GCSE pass rate of 30% at his school, his own fair share of family tragedy around the corner and 9/11 on the horizon, Tez's experiences of growing up as a British Muslim wasn't the fun, Jihad-pursuing affair the media wants you to believe. Well ... not always. At times shalwar-wettingly hilarious and at others searingly sad, *The Secret Diary of a British Muslim Aged 133/4* shows 90s
